Why Attend?

Spend a week with our OnBase Development, QA, and Services teams in hands-on focused training sessions designed to develop and refine your OnBase knowledge. Learn the powerful enhancements in the latest release, discuss your current initiatives, and learn best practices from the most experienced team of OnBase Professionals in the world.

Renew all of your OnBase certifications in one place. TechQuest sessions are not only presented by the expert Hyland staff members, they also renew your existing OnBase certifications. Attendees can customize their schedule for a personalized recertification experience and refresh their hard earned OnBase certifications.

What Do Attendees Have to Say?

"I love my job using OnBase, so TechQuest is like Christmas for me - can't wait to get back to work to implement my new knowledge."

— OnBase System Administrator

"It's an excellent way to renew certifications while getting up to speed on the latest enhancements as well as exploring unfamiliar areas of the software and it's a great networking opportunity."

— OnBase Installer

"This week has been an incredibly knowledge filled week! Can I say "WOW"? I am so glad I attended TechQuest. I am bringing back to work so much useful information."

— OnBase API Developer

"This was a week full of excellent information. It can energize staff from resellers and clients alike. As a reseller, I will have to recommend that my clients attend in the future."

— OnBase Reseller
