WHEREAS, the County is the grantee named in the grant charged with compliance of the federal laws, rules, and regulations relating to the expenditure of funds received from the U.S. Government pursuant to the approved Community Development Block Grant application; and,

WHEREAS, the County desires to assure compliance with such laws, rules, and regulations relating to the expenditure of funds under the Community Development Block Grant application; and,

WHEREAS, the County and City mutually agree as to the need to expedite this Project as quickly as possible;

NOW, THEREFORE, the County and City do mutually agree as follows:

I.SCOPE OF AGREEMENT

The County and City agree to construct the Project in accordance with the guidelines, rules, and regulations required by the U.S. Department of Housing and Urban Development (hereinafter referred to as HUD).

II.DUTIES OF THE COUNTY AND CITY

2.01 The City shall be responsible, at its own expense, for paying for the design of the Project.

2.02 Within ninety (90) days after the date this Agreement is executed by both parties, the City will submit 50% design submittal to the County for the County's review and comments. The County shall review the preliminary plans and specifications and return comments to the City within seven (7) days. Comments will be forwarded to the City for incorporation into the final plans and specifications. Final plans and specifications shall be submitted to the County to ensure compliance with HUD/County technical requirements. The final plans and specifications shall be returned to the County within forty-five (45) days.

2.03 Within forty-five (45) days after approval by the County of final plans and specifications, the City will advertise for and receive bids for the construction of the Project in accordance with the approved plans and specifications in the manner similar to that of other City projects.

2.04 Upon receipt and tabulation of the bids for the Project, City will determine the lowest and best bid for the construction of the Project. In the event the lowest and best bid for the construction of the Project is an amount that would result in the cost of the Project being equal to or less than the sum of the \$1,851,000.00, City will notify County of the amount of the lowest and best bid for the Project. Upon such notification to the County, the County will transmit to the City written notice to proceed.

2.05 In the event the lowest and best bid for the construction of the Project is an amount in excess of the sum of \$1,851,000.00, the City will pay the difference between \$1,851,000.00 and the lowest and best bid up to a maximum of ten percent (10%) of such lowest and best bid. If the amount of then available funds, the \$1,851,000.00 plus the City's contingency portion, is not sufficient to construct the Project then the parties agrees to reduce the Project scope as necessary to allow the construction of the Project with the available funds. Upon receipt of written notification of the lowest and best bid, the County will notify the City to proceed to let the contract and continue with the construction of the Project.

2.06 The City shall be responsible for the administration of the construction contracts, with the County approving the award of the bid. The City shall, at its own expense, furnish the necessary inspection personnel to assure itself of compliance with the Agreement. The County shall periodically inspect the Project during construction. The County shall fund the Project as set forth in this Agreement.

2.07 The City and the County, through its Community Development Department Director, may by prior written agreement mutually agree to re-allocate the funds among the various line items of the budget or to new line items created in the budget.

2.08 The City shall submit regular Progress Reports to the Grantee in the form, content, and frequency as required by the Grantee.

V.SOURCE OF FUNDING
