July 1, 2019

Per Hurt/Reladyne contract with Fort Bend County Bid 19-034 General Requirements; 1.35 escalation clause.  
Hurt/Reladyne is requesting Commissioners Court approval to increase the contract price for awarded items.  
I have attached a copy of price increase and increases from Reladyne suppliers as proof of increase.

Thank You,

Crayton Nelson  
Consultant

April 19, 2019

Dear Valued Chevron Lubrication Marketer:

Chevron is updating its previously announced general price increase of up to 6% that was to be effective as of May 6, 2019. Now, effective May 29, 2019, there will be a general price increase of up to 14% on all lubricating oils and greases. In certain instances, specific products may increase in amounts that are outside of this range. This change is related to higher than expected increases in costs of raw materials impacting the manufacturing of our products and will avoid the burden associated with administering two price increases.

We understand and appreciate the efforts required by our Marketers to communicate this increase to your customers. Our posted price changes by material will be available in Business Point by Tuesday April 23<sup>rd</sup>, 2019.

Please note:

- To manage our order fulfillment and to provide the ability to meet the needs of all our customers, we would appreciate that you place your orders consistent with historical order patterns. To serve all Marketers, we will be limiting orders delivered between March 25<sup>th</sup> and May 28<sup>th</sup> to 110% of your average monthly volume over the last twelve months. Marketers that exceed the above limit will be billed at the new posted price levels via debit note for the difference between the current prices and new effective prices as of May 29<sup>th</sup>, 2019.
- Your average monthly volume is defined as your average monthly purchases from March 1<sup>st</sup>, 2018 to February 28<sup>th</sup>, 2019. Details regarding your average monthly volume are available to you through your LBST Customer Sales Associate.
- Please plan accordingly as large order quantities placed the week prior to the increase will be reviewed and may not be accepted by Chevron to better meet all customers' needs.

The Chevron Lubricants sales staff is committed to meeting your needs. Your Business Consultant will contact you with more details and supporting information.

As always, thank you for your business.

Sincerely,

Wayne Ederer  
Manager – Lubrication Marketers

LUBRICANTS

April 23, 2019

Dear Phillips 66 Lubricants Marketer,

This letter is to advise you that Phillips 66<sup>®</sup> Lubricants will raise finished lubricants prices up to 14% with an effective date of Wednesday, May 29, 2019. Pricing will be evaluated on a product-by-product basis, and individual products may fall outside of the price increase amount. This change is driven by recent increases in raw material costs that have occurred despite our best efforts to limit their impact on our product manufacturing.

We realize price increases impact both you and your customers. This notice is intended to allow reasonable time for you to communicate to your customers. Your prices will be available on [Lubestream](#) the week ending May 17, 2019.

Phillips 66 Lubricants remains committed to providing our customers with high quality products at competitive prices. As always, we thank you for your continued business, support and understanding.

Sincerely,

A handwritten signature in black ink, appearing to read "Dirk Macfarlane".

Dirk Macfarlane  
Manager, Finished Lubricants

**LUBRICANTS****April 1, 2019**

Dear Phillips 66 Lubricants Marketers,

This letter is to advise you that Phillips 66<sup>®</sup> Lubricants will raise finished lubricants prices up to 6% with an effective date of Monday, May 6, 2019. Pricing will be evaluated on a product-by-product basis and individual products may fall outside of the price increase amount. This change is driven by recent increases in raw material costs that have occurred despite our best efforts to limit their impact on our product manufacturing.

We realize this price increase impacts both you and your customers. The advance notice provided is intended to allow reasonable time for you to communicate to your customers, as needed. Segment-specific price increases will be provided the week ending April 26, 2019. New customer-specific prices and list prices incorporating this increase will be available for download on Lubestream shortly thereafter.

We expect increased demand prior to the price change. To ensure a fair order fulfillment process, we will limit the volume Marketers can purchase to 110% of their monthly base volume delivered from Friday, April 5, 2019, to Sunday, May 5, 2019. Individual base volumes will be based on the average monthly volume purchased during the period of March 2018 through February 2019 with some products excluded from the base volume calculations. Any volume purchased in excess of base volumes will be priced at the price increase amount. Please contact your Territory Manager with any questions about your base volume.

To fairly meet the needs of all customers, we ask that Marketers place orders consistent with the historical needs of their customers. Phillips 66 Lubricants reserves the right to limit purchases of any product if deemed to be excessive.

Phillips 66 Lubricants remains committed to providing our customers with high quality products at competitive prices. As always, we thank you for your continued business, support and understanding.

Sincerely,

A handwritten signature in black ink, appearing to be "D. M. ...".
