NOW, THEREFORE, in consideration of the premises, mutual promises, covenants, obligations and benefits herein contained, the Authority and County agree as follows:

**I.
SERVICES**

Section 1.01. Services. Section 1.05 Coordination. The Constable agrees to cooperate with other Fort Bend County agencies who also supply law enforcement services for the Authority with regard to: organizing and conducting of specific operations; generation of a combined monthly report; scheduling of the deputies and creation of daily work assignments. The Constable will identify the specific point of contact for purposes of coordination of services and agrees that precinct boundaries within Fort Bend County shall not limit the scope of services to be provided.

II. COMPENSATION

Section 2.01. The Authority hereby expressly agrees to pay for all of the expenses set forth in **Exhibit B** (the "Contract Amount"). Both parties agree that Exhibit "B" is an estimate of the cost for providing law enforcement service and that actual cost of contract will be reviewed at least semiannually and no more than quarterly, at the discretion of the Fort Bend County Auditor.

Section 2.02. In the event that the estimated amount does not recover the actual cost for providing law enforcement services, the Auditor will send notification of the amount owing no later than thirty (30) days following the end of the period being reported.

EXHIBIT A
SCOPE OF SERVICES
Fort Bend Grand Parkway Toll Road Authority

It is understood that the primary contractual responsibility of the Constable is to provide an effective law enforcement presence on the Fort Bend Grand Parkway and to rapidly respond to incidents in order to suppress crime and manage the transportation needs of the public and the Authority.

Recognizing the Authority's core responsibility of collecting revenue for usage of the system, the Constable understands his role in enforcement of toll violations. All parties understand that maintaining a low violation rate is crucial, and through this partnership the Authority can be fiscally responsible to its bond holders, patrons and the County.

All parties understand that the deputies assigned to the system may have duties that are unique to their positions when compared to other law enforcement deputies. These duties/tasks include but are not limited to: providing roadside assistance to motorists, removal of debris on the roadway that might affect public safety and the reporting of issues to the maintenance contractor, traffic control for contractors or maintenance crews. The parties intend that these tasks will be performed unless the deputies' obligation to enforce state and local laws is called on by the public or another empowered authority.

All parties understand these services shall be provided on the main-lanes of the system as well as the service roads or any adjacent street that provides direct access to the system and may affect the toll road corridor. If an incident such as an accident or non-construction issue arises to close any section of the main-lanes, the Constable intends to staff the service road intersections as needed and/or any other detour to ensure traffic can continue to move through the affected area.
