RE: Bowser Road south of FM 1093 – Speed Limit

Dear Commissioner:

The Fort Bend County Engineering Department has completed a review of the operational conditions along Bowser Road south of FM 1093. The roadway currently has a posted speed of 40 mph and is identified as a Major Thoroughfare in the 2015 Fort Bend County Major Thoroughfare Plan.

Traffic counts and speed data were collected in November, 2019. Based on the data collected and the crash history along the corridor, Federal Highway Administration criteria recommend a speed limit of 35 mph. The updated traffic control plan is attached.

Based on the above results, Engineering recommends a reduced speed limit of 35 mph on the corridor. If you have any questions please do not hesitate to contact me at 281-633-7528 or chris.debaillon@fortbendcountytexas.gov.

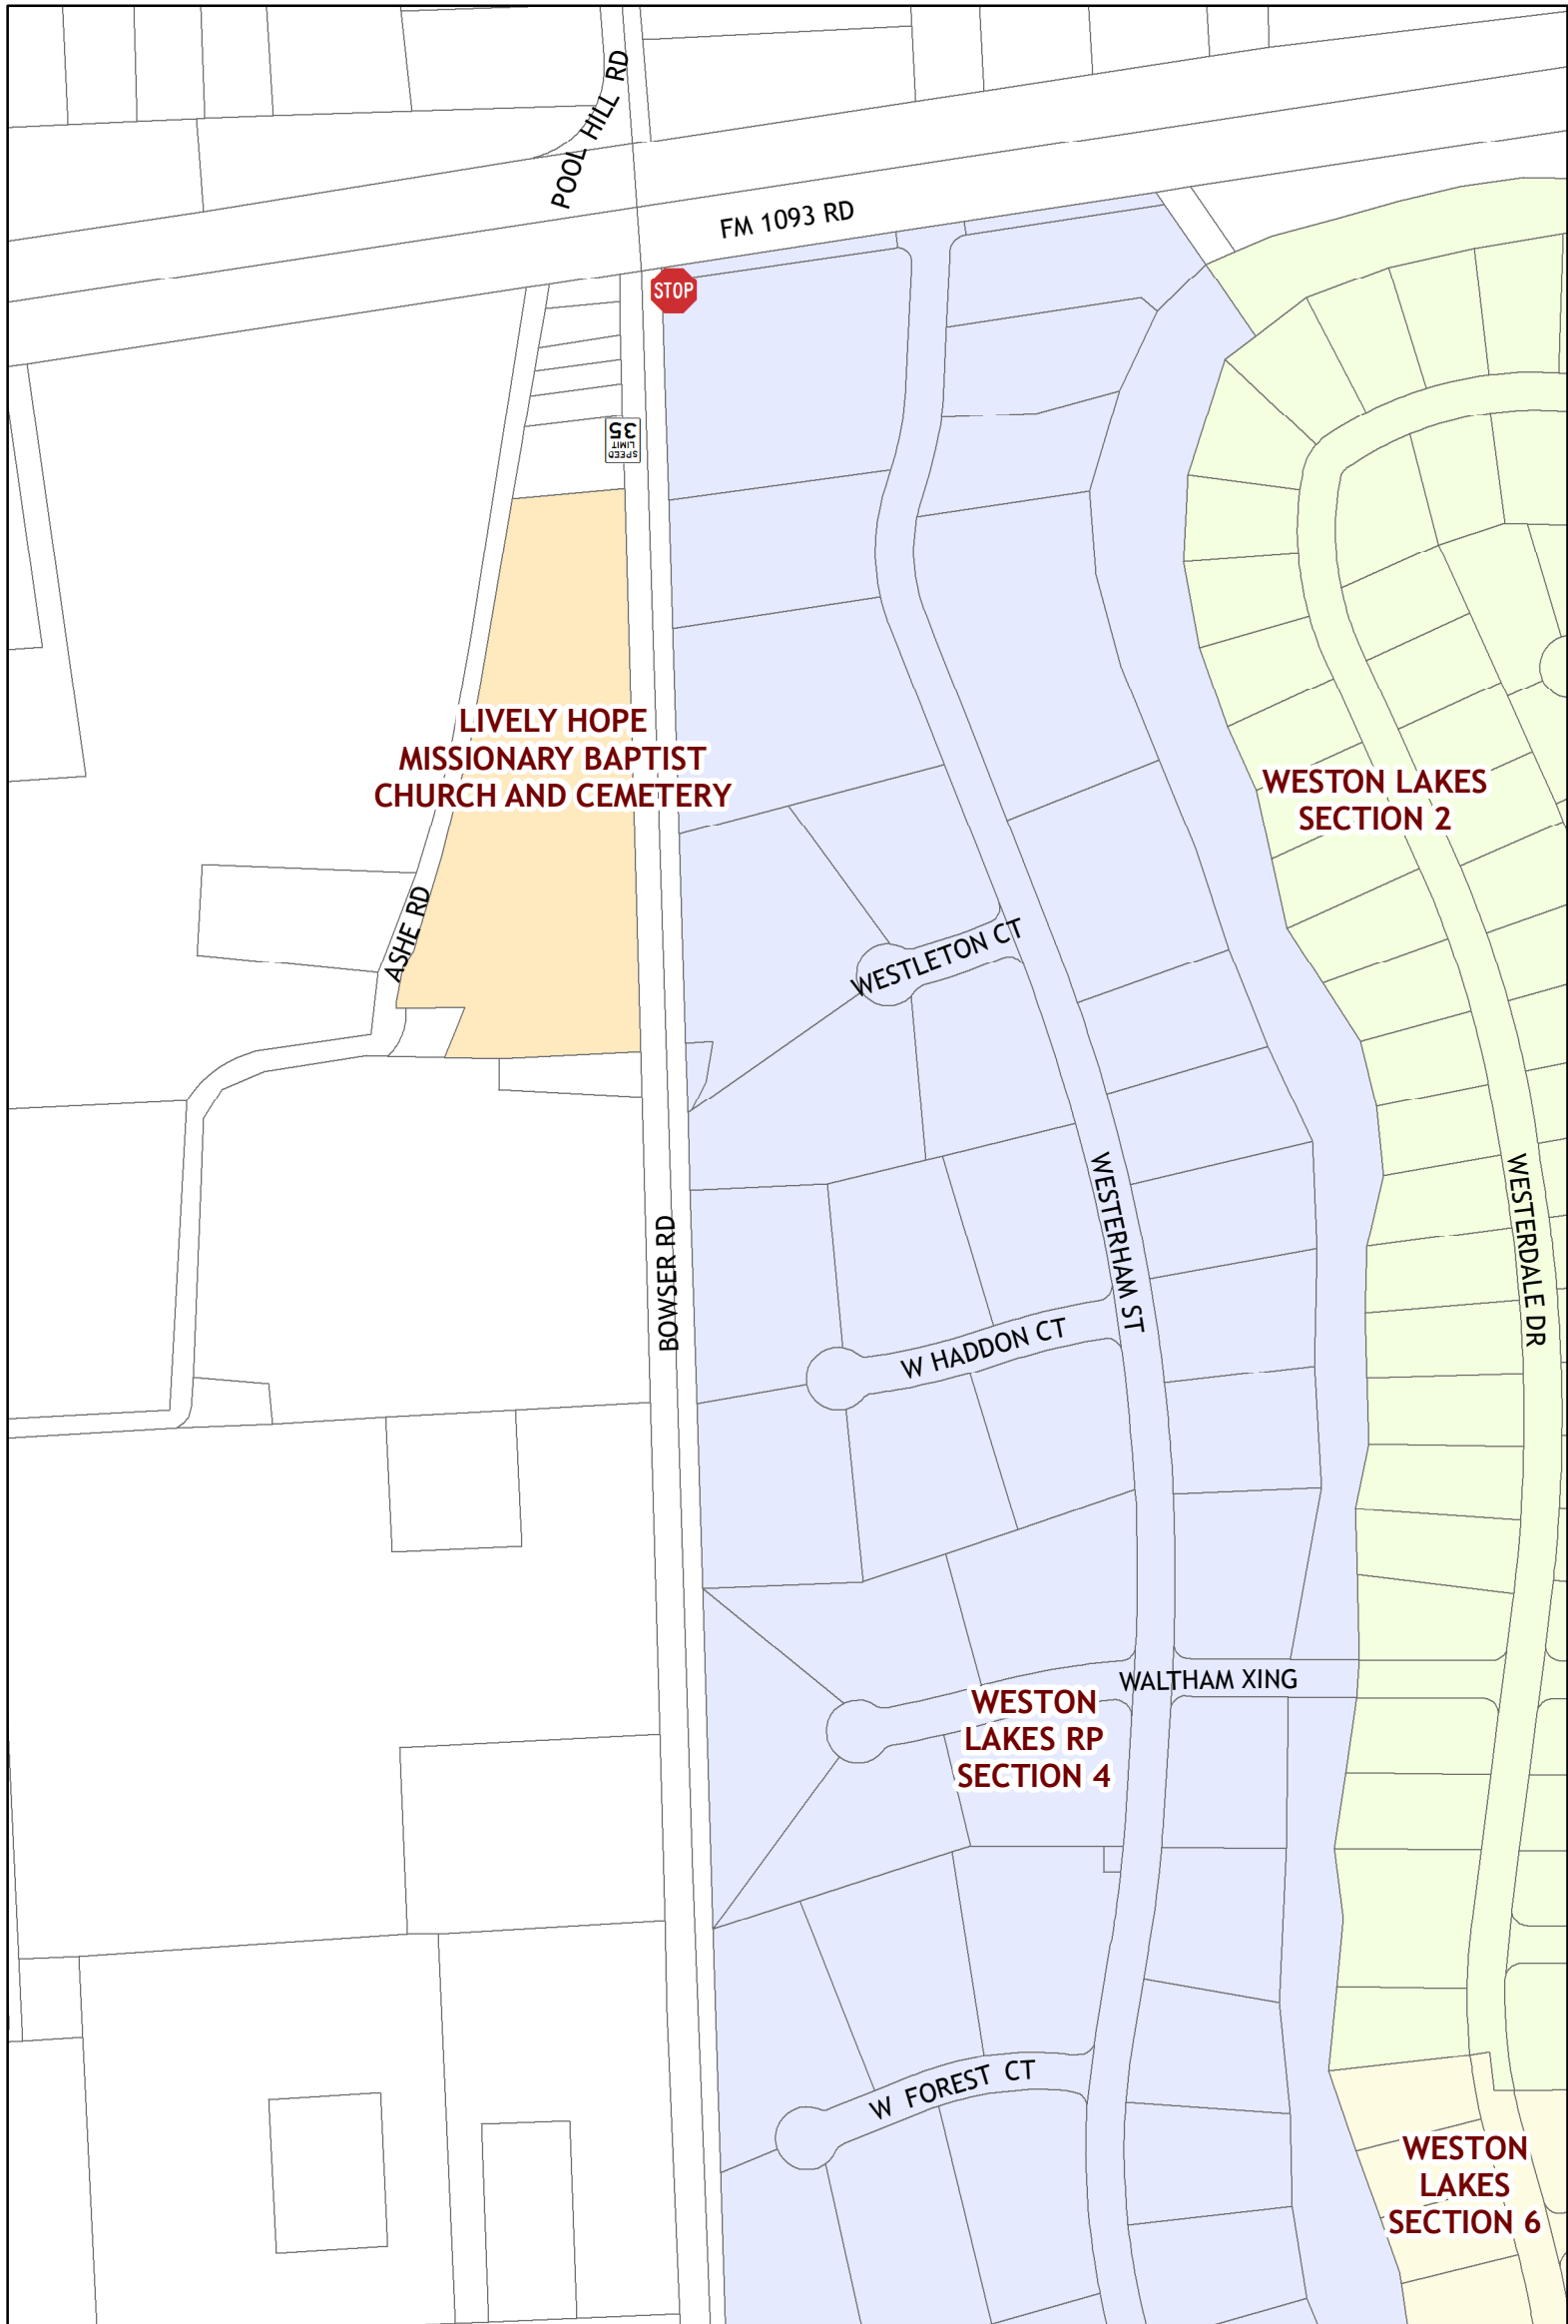

Regards,

Chris Debaillon, PE, PTOE
Assistant County Engineer – Traffic
