INNOVATIVE PROSECUTION SOLUTIONS FOR COMBATING VIOLENT CRIME

CFDA #16.825

A. Program Description

Overview

The purpose of the Innovative Prosecution Solutions (IPS) for Combating Violent Crime Program is to provide state, local, and tribal prosecutors with resources to reduce crime and increase public safety.

The program encourages prosecutors and agencies to use data in the development of their strategies and programs and to develop effective, economical, and innovative responses to crime within their jurisdictions.

Statutory Authority: Awards under this solicitation will be made under the statutory authority provided by the Consolidated Appropriations Act, 2020, Pub. L. No. 116-93, 133 Stat 2317, 2406-0.

Program-specific Information

The purpose of this program is to support prosecutors' offices to reduce caseloads, improve the effectiveness and efficiency of prosecutors' processes and procedures, and provide modern technology to better manage and track cases.

Objectives and Deliverables

IPS programs test data-driven approaches that address one or more of the objectives listed below. Successful applicants will work closely with BJA staff to assist prosecutorial agencies in incorporating innovative or evidence-based prosecution strategies as a fundamental component of their effort to ensure public safety.

Required Objectives:

- Test, establish, and/or expand programming that enhances prosecutors' ability to effectively and sustainably prevent and respond to crime, especially violent crime, which could include the hiring of new prosecutors.
- Foster effective, formalized, and consistent collaborations with external agencies, and the communities they serve, to increase public safety.
- Use technology, intelligence, and data in innovative ways that enable prosecutors' offices to focus resources on the people and places associated with high concentrations of crime and to allow state and local prosecutors' offices to improve their operations in an effort to more efficiently and effectively aid communities in achieving a reduction in crime.
- Enable prosecutors' offices to reduce caseloads to manageable levels through office modernization, hiring analytical or support staff, and updating information technology.

Required deliverables:

- Implementation of a program that modernizes prosecutors' offices and/or improves prosecutors' ability to effectively and sustainably prevent and respond to crime
- Written policies or procedures that demonstrate operational changes originated by the project

The Objectives and Deliverables are directly related to the performance measures that demonstrate the results of the work completed, as discussed under [What an Application Should Include](#).

OJP Priority Areas

In FY 2020, and in addition to executing any statutory prioritization that may be applicable, OJP will give priority consideration to applications as follows:

- Applications that address specific challenges that rural communities face
- Applications that demonstrate that the individuals who are intended to benefit from the requested grant reside in high-poverty areas or persistent-poverty counties
- Applications that offer enhancements to public safety in economically distressed communities (Qualified Opportunity Zones)

To receive priority consideration under the rural priority, applicants must describe what makes the geographic service area rural (using U.S. Census or other appropriate government data; for assistance, applicants may wish to refer to <https://www.census.gov/programs-surveys/geography/guidance/geo-areas/urban-rural.html>), how isolated the area is from needed services, and how they will address specific challenges in rural communities.

To receive priority consideration under the poverty priority, the applicant must provide information to demonstrate that the individuals who are intended to benefit from the requested grant reside in high-poverty areas or persistent poverty counties. For purposes of this priority consideration, the term "high-poverty area" means any census tract with a poverty rate of at least 20 percent as measured by the 2013–2017 5-year data series available from the American Community Survey of the Census Bureau (applicants may search by census tract at <https://www.census.gov/acs/www/data/data-tables-and-tools/narrative-profiles/2017/>) and the term "persistent poverty counties" means any county that has had 20 percent or more of its population living in poverty over the past 30 years, as measured by the 1990 and 2000 decennial censuses and the most recent Small Area Income and Poverty Estimates (applicants may search by county at <https://www.census.gov/data/tables/time-series/dec/census-poverty.html> and at <https://www.census.gov/programs-surveys/saie.html>).

To receive priority consideration under the Qualified Opportunity Zones priority, applicants must include information that specifies how the project will enhance public safety in the specified QOZs. For resources on QOZs, and for a current list of designated QOZs, see the U.S. Department of the Treasury's resource webpage, accessible at <https://www.cdfifund.gov/pages/opportunity-zones.aspx>.

Evidence-based Programs or Practices

OJP strongly emphasizes the use of data and evidence in policymaking and program development in criminal justice, juvenile justice, and crime victim services. For additional

information and resources on evidence-based programs or practices, see the [OJP Grant Application Resource Guide](#).

Information Regarding Potential Evaluation of Programs and Activities

Applicants should note that OJP may conduct or support an evaluation of the programs and activities funded under this solicitation. For additional information, see the [OJP Grant Application Resource Guide](#) section titled Information Regarding Potential Evaluation of Programs and Activities.

B. Federal Award Information

Maximum number of awards BJA expects to make:	18
Estimated maximum dollar amount for each award:	\$340,000
Total amount anticipated to be awarded under this solicitation:	\$6,000,000
Period of performance start date:	October 1, 2020
Period of performance duration:	24 months

BJA may, in certain cases, provide additional funding in future years to awards made under this solicitation, through continuation awards. OJP will consider, among other factors, OJP's strategic priorities, a recipient's overall management of the award, and progress of award-funded work, when making continuation award decisions.

Under this solicitation, only one application by any particular applicant entity will be considered. An entity may, however, be proposed as a subrecipient (subgrantee) in more than one application.

BJA may elect to fund applications submitted under this FY 2020 solicitation in future fiscal years, dependent on, among other considerations, the merit of the applications and on the availability of appropriations.

Award recipients and subrecipients (including recipients or subrecipients that are pass-through entities) must, as described in the Part 200 Uniform Requirements¹ as set out at 2 C.F.R. 200.303, comply with standards for financial and program management. See the [OJP Grant Application Resource Guide](#) for additional information.

Budget Information

Cost Sharing or Match Requirement

This solicitation does not require a match.

¹ The "Part 200 Uniform Requirements" means the DOJ regulation at 2 C.F.R Part 2800, which adopts (with certain modifications) the provisions of 2 C.F.R. Part 200.

Please see the [OJP Grant Application Resource Guide](#) for information on the following:

C. Eligibility Information

For eligibility information, see title page.

For information on cost sharing or match requirements, see [Section B. Federal Award Information](#).

D. Application and Submission Information

What an Application Should Include

The following application elements **MUST** be included in the application submission for an application to meet the basic minimum requirements (BMR) to advance to peer review and receive consideration for funding: Program Narrative, Budget Detail Worksheet, and Budget Narrative.

See the Application Elements and Formatting Instructions section of the [OJP Grant Application Resource Guide](#) for information on what happens to an application that does not contain all of the specified elements or that is nonresponsive to the scope of the solicitation.

1. Application for Federal Assistance (Standard Form (SF)-424)

The SF-424 is a required standard form used as a cover sheet for submission of preapplications, applications, and related information. See the [OJP Grant Application Resource Guide](#) for additional information on completing the SF-424.

Intergovernmental Review: This solicitation ("funding opportunity") **is not** subject to [Executive Order 12372](#). (In completing the SF-424, an applicant is to answer question 19 by selecting the response that the "Program is not covered by E.O. 12372.")

Number pages “1 of 12,” “2 of 12,” etc. Charts and graphs may be included in the narrative, and may be single-spaced and feature smaller fonts as necessary to present the included data.

If the program narrative fails to comply with these length restrictions, BJA may negatively consider such noncompliance in peer review and in final award decisions.

The following sections should be included as part of the program narrative:

- b. Project Design and Implementation
- c. Capabilities and Competencies
- d. Plan for Collecting Data Required for this Solicitation’s Performance Measures

Applicants must register in and submit applications through [Grants.gov](https://www.grants.gov), a primary source to find federal funding opportunities and apply for funding. Find information on how to apply in response to this solicitation in the [OJP Grant Application Resource Guide](#).

Registration and Submission Steps

Applicants will need the following identifying information when searching for the funding opportunity on Grants.gov:

- 1. CFDA #16.825, Smart Prosecution Initiative**
- 2. Funding opportunity # BJA-2020-17032**

For information on each registration and submission step, see the [OJP Grant Application Resource Guide](#).

E. Application Review Information

Review Criteria

Applications that meet basic minimum requirements will be evaluated by peer reviewers using the following review criteria

1. Statement of the Problem (15 percent)

Identify the specific problem the jurisdiction seeks to address. Describe the process used to assess, analyze, or determine the nature of the problem or type of crime problem. If applicable, explain gaps in resources to identify the people and places associated with high concentrations of criminal activity. When applicable, document how caseloads are well above recommended levels, how the office lacks critical professional and support staff and/or relies on outdated information technology to manage its caseloads.

2. Project Design and Implementation (35 percent)

Specifically describe how the project will accomplish expected outcomes by providing the objectives and performance measures applicable to the project. Include a comprehensive timeline (as an attachment) that identifies milestones, numerically lists deliverables, and indicates who is responsible for each activity.

3. Capabilities and Competencies (20 percent)

Fully describe the applicant's capabilities to implement the project and the competencies of the staff assigned to the project, including but not limited to, crime and criminal intelligence analysis capacity. Specifically, the applicant should:

Describe the level of agency executive support for the project, as well as expertise of the individual(s) who will be responsible for managing the project.

4. Plan for Collecting the Data Required for this Solicitation's Performance Measures (15 percent)

Describe the process and methods for assessing project performance.

Applicants must identify the person(s) who will collect the data, who is responsible for performance and outcome measurement, and how the information will be used to guide the impact of the program.

5. Budget (10 percent)

Provide a proposed budget and Budget Narrative that are complete, cost effective, and allowable (e.g., reasonable, allocable, and necessary for project activities). Budget narratives should demonstrate generally how applicants will maximize cost effectiveness of grant expenditures. Budget narratives should demonstrate cost effectiveness in relation to potential alternatives and the objectives of the project.³

6. Plan for Sustainability (5 percent)

Describe the plan for sustaining any innovations, crime reductions, organizational changes, and other collaborations established or achieved during the project, and which are found to be successful, once the federal funding support ends.

Review Process

BJA reviews an application to make sure that the information presented is reasonable, understandable, measurable, achievable, and consistent with the solicitation requirements.

The following five paragraphs in this solicitation expressly modify the "Application Review Information" provisions in the OJP Grant Application Resource Guide. An applicant is to follow the guidance in these five paragraphs instead of the guidance stated under the "Application Review Information" heading in the Guide.

Peer reviewers will review the applications submitted under this solicitation that meet basic minimum requirements. For purposes of assessing whether an application meets basic minimum requirements and should proceed to further consideration, OJP screens applications for compliance with those requirements. Although specific requirements may vary, the following are common requirements applicable to all solicitations for funding under OJP programs:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

³ Generally speaking, a reasonable cost is a cost that, in its nature or amount, does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the costs.

For a list of the application elements that **MUST** be included in the application submission in order for an application to meet the basic minimum requirements, see [“What an Application Should Include”](#) under Section D. Application and Submission Information.

Peer review panels will evaluate, score, and rate applications that meet basic minimum requirements. BJA may use internal peer reviewers, external peer reviewers, or a combination, to assess applications on technical merit using the solicitation’s review criteria. An external peer reviewer is an expert in the subject matter of a given solicitation who is not a current DOJ employee. An internal reviewer is a current DOJ employee who is well versed or has expertise in the subject of this solicitation. Peer reviewers’ ratings and any resulting recommendations are advisory only, but are considered carefully.

Other important considerations for BJA include geographic diversity, strategic priorities (specifically including, but not limited to, those mentioned above relating to addressing specific challenges that rural communities face, high-poverty areas or persistent-poverty counties, demonstrable potential enhancement to public safety in one or more federally designated Qualified Opportunity Zones), available funding, as well as the extent to which the Budget Detail Worksheet and Budget Narrative accurately explain project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles. An applicant proposing any voluntary committed cost sharing (using cash-only match) must clearly describe and properly document it in the program narrative, Budget Detail Worksheet, and SF-424. In its consideration of any such voluntary match, along with its consideration of other program policy or other factors,

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant that has one or more prior federal awards has a satisfactory record with respect to performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the nonpublic segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important note on FAPIIS: An applicant, at its option, may review and comment on any information about itself that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider any such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant.

Absent explicit statutory authorization or written delegation of authority to the contrary, the Assistant Attorney General will make all final award decisions and may take into account not only peer review ratings and BJA recommendations, but also other factors as indicated in this section.
