**GLOBAL TEST CENTER SECURITY PROCEDURES**

Prometric takes our role of providing a secure test environment seriously. During the check-in process, we inspect any and all eyeglasses, jewelry and other accessories to look for camera devices that could be used to capture exam content.

- You will be required to remove your eyeglasses for close visual inspection. These inspections will take a few seconds and will be done at check-in and again upon return from breaks before you enter the testing room to ensure you do not violate any security protocol.
- Jewelry outside of wedding and engagement rings is prohibited. Please do not wear other jewelry to the test center. Hair accessories, ties and bowties are subject to inspection. Please refrain from using ornate clips, combs, barrettes, headbands, tie clips, cuff links and other accessories as you may be prohibited from wearing them in to the testing room and asked to store them in your locker. Violation of security protocol may result in the confiscation of prohibited devices and termination of your exam.
