Subject: Creating a Safer Texas Grant Application

Good afternoon, Chad,

Molly shared with me that you reached out about the status of your grant application through TCFV's Creating A Safer Texas Grant. We appreciate your patience through our process of reviewing applications and determining how best to allot the available funds as fairly and effectively as possible. We have made some determinations based on the needs of the communities and the proposals of the agencies that have applied.

Given the information provided in your application, we should be able to assist your agency with a final award amount of \$4,000. We believe that the intended use stated in your proposal will be most beneficial to survivors given the timeline of expenditure that we are operating within and the amount of funding at our disposal. Please remember that these funds *must* be used by Wednesday, March 31st, 2021.

- Please confirm that you can adjust your original budget items to expend an award of \$4000 before March 31st, 2021.

In order to finalize this award determination, we request your response and written acceptance by Monday, February 8, 2021. If we do not receive an answer by this time, we will continue reviewing other applicants to reassign available funds.

Thank you again for ensuring this funding is utilized to enhance services to family violence survivors in our collective effort to create a safer Texas. We look forward to receiving your response by this coming Monday, February 8th and working with you these coming months. If you have any further questions or concerns, please reach out to us.

Many thanks,
Mikisha

Mikisha Hooper (she/her/hers)
