**RE: Trammel Fresno (from City of Missouri City city limits to FM 521)
Mobility Project 746, TxDOT CSJ 0912-34-144**

Dear Commissioner:

A final inspection of the road for the above project was conducted and critical deficiencies have been corrected. This mobility project included the reconstruction of the existing 2-lane asphalt roadway with a 4-lane concrete roadway with ditches and storm sewer. The road log needs to be updated to reflect the changes in ROW width (60' to 100') and surface width and type (22' asphalt to 50' concrete). The new updated length for this project is as follows:

Trammel Fresno 14,359.00 LF (2.72 miles from 855' E of Hurricane Lane to FM 521)

There is no bond for this project.

If you should have any questions or need additional information please feel free to call.

Sincerely,

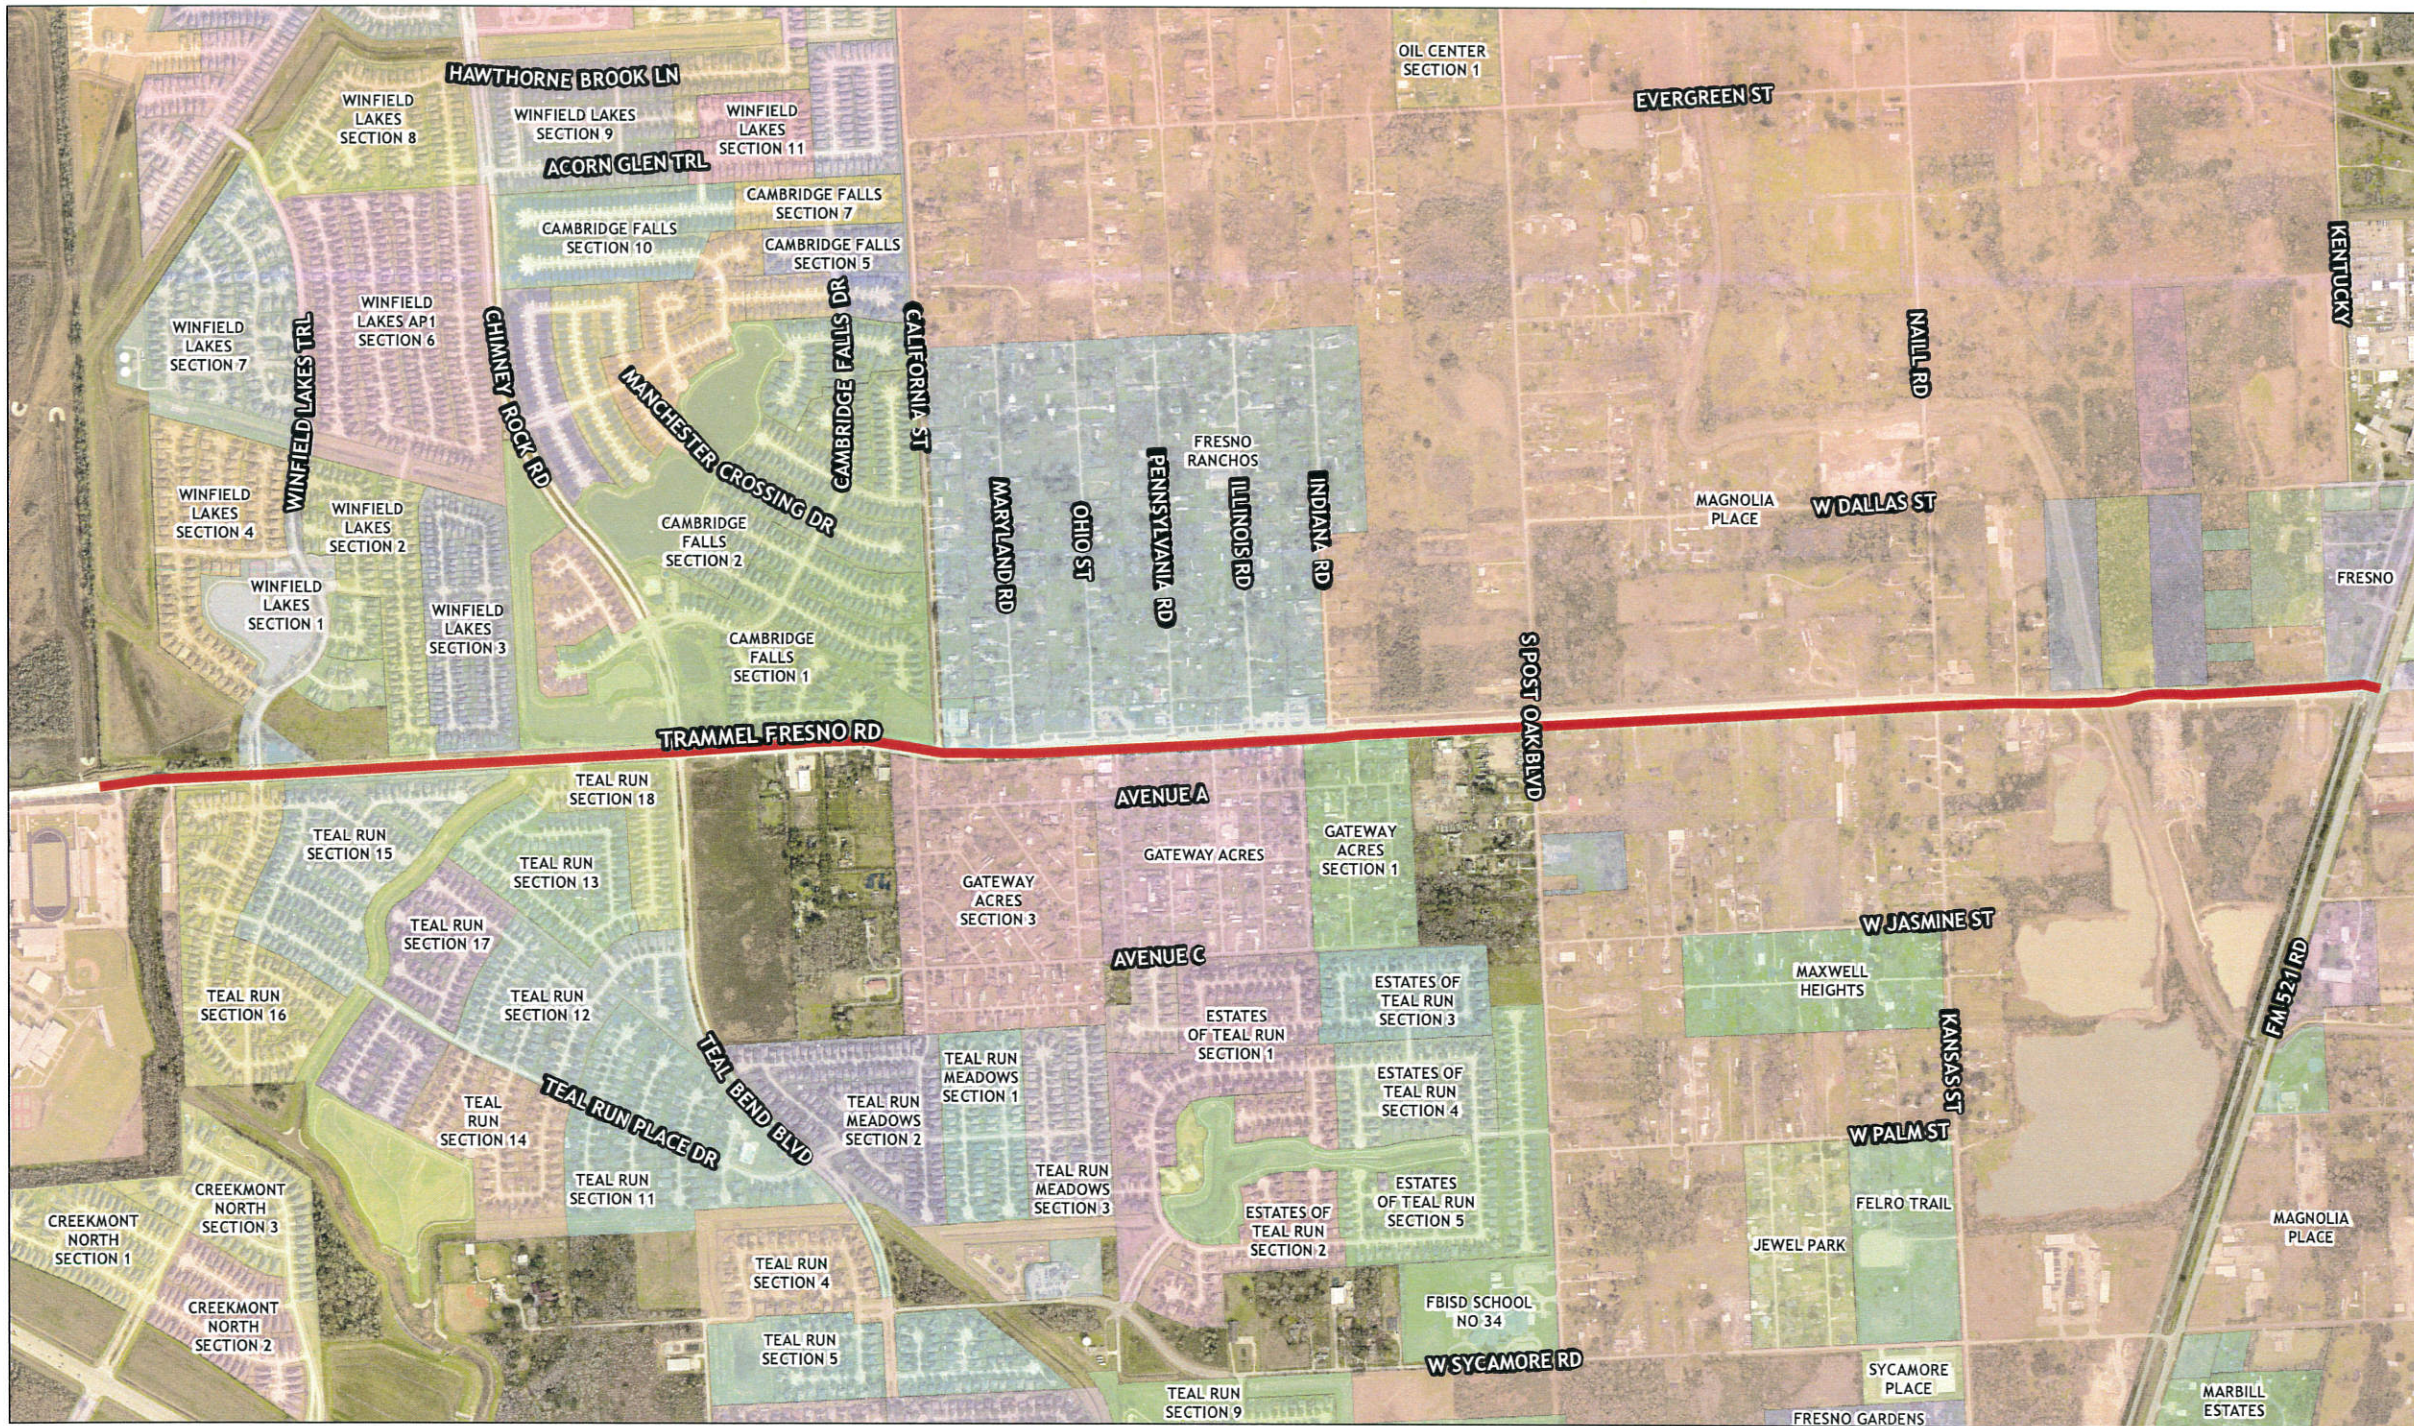

A handwritten signature in blue ink, appearing to read "Wesley Crawford".
