The Easement on such lands is described in Exhibit “B”, attached hereto and made a part hereof for all purposes.

NRG is the successor-in-interests to the rights granted to Richmond Irrigation Company under the Right-of-Way Agreement dated January 6, 1930, and filed for record in Volume 132, Page 582 of the Deed Records of Fort Bend County, Texas, wherein Alice A. Williams granted to Richmond Irrigation Company a right-of-way and easement (the “RIC Easement”) to construct, maintain, and operate a canal for conveying water for irrigation or other purposes over and upon the Property. NRG is the fee owner of the Property.

NRG operates, maintains, and repairs a canal located on the Property, for among other things the supply of water for operation of the W. A. Parish Generating Station plant.

1. Use

The Property is to be used only for the purposes specified herein. NRG must review and approved the proposed design of all facilities prior to the start of any construction. FORT BEND may do and perform all acts necessary to construct, operate, maintain, inspect, replace, remove

the Facilities over, across and under the Property and operate thereon all necessary machinery and equipment; provided, however, that no such acts shall interfere with NRG's use of the Property or the use of the RIC Easement. FORT BEND at all time will after doing any work in connection with the Easement hereby conveyed, restore the Property as closely as reasonably practicable to its condition prior to the undertaking of such work. Subject to the foregoing, FORT BEND'S Use hereunder shall include surveying, inspection, environmental studies, archeological studies, clearing, demolition, construction of permanent improvements, relocating, replacing, and improving existing utilities, locating new utilities, and other work required to be performed in connection with the Facilities. The rights under this Easement will extend to FORT BEND, its contractors and assigns, owners of any existing utilities on the Property and those which may be lawfully permitted on the Property by FORT BEND in the future, and all others deemed necessary by FORT BEND for the purpose of FORT BEND'S roadway project. This grant will allow the construction, relocation, replacement, repair, improvement, operation and maintenance of utilities on the Property.

2. **NRG's Activities in the Vicinity of the Easement**

NRG reserves the full right of use and enjoyment of the Property encumbered by the Easement for any and all purposes, provided that such use will not unreasonably interfere with FORT BEND's use of the Easement.

3. **OSHA Compliance**

FORT BEND, its successors and assigns, shall comply with and adhere to all applicable policies and procedures as established by the Occupational Safety and Health Act ("OSHA"), as amended from time to time, relative to FORT BEND's, its employees' and agents' use and enjoyment of the Easement.

4. **No Warranty**

THIS EASEMENT IS GRANTED WITHOUT WARRANTY OF ANY NATURE, EXPRESS OR IMPLIED, AND IS EXPRESSLY SUBJECT TO ALL OUTSTANDING RIGHTS-OF-WAY, EASEMENTS, RESTRICTIVE COVENANTS, LEASES, LIENS, ENCUMBRANCES AND OTHER INTERESTS WITH RESPECT TO THE LAND AND

PROPERTY OF NRG WHICH ARE OF RECORD. To the extent FORT BEND may encroach upon the easement, legal right-of-way, or any other recognized interest of another entity, FORT BEND acknowledges that it is the sole obligation of FORT BEND to secure necessary approvals from any and all such entities, and, further, FORT BEND warrants that upon commencement of initial construction pursuant to this agreement, it has first obtained all such required approvals and provided a copy of the same to NRG.

5. **Easement is Nonexclusive**

NRG reserves all rights to use and enjoy the Property on and around the Easement, including crossing and future uses, provided that such uses do not unreasonably interfere with the rights conferred upon FORT BEND hereunder. FORT BEND acknowledges that there are pre-existing uses and easements on and around the Easement, and such other uses and easements shall not be unreasonably disturbed. NRG specifically reserves the right to grant additional easements or rights-of-way upon, over, under or across, the land burdened by the Easement to such other entities and for such purposes as NRG may desire, provided that FORT BEND shall not be unreasonably disturbed in the use and enjoyment of the rights granted herein.

6. **Fort Bend's Compliance with Applicable Laws; Removal of Fort Bend's Personnel**

FORT BEND's enjoyment and use of the Easement and any and all operations conducted on the Easement shall be in compliance with all applicable laws, statutes, rules and regulations of any governmental authority having jurisdiction, including, without limitations, all safety regulations, mitigation plans in the event of a spill during operations, and other requirements of the U.S. Department of Transportation and all environmental laws, statutes, rules and regulations. Without limitation of the foregoing, FORT BEND agrees to use reasonable efforts to ensure that no toxic or hazardous substances shall be generated, treated, stored, disposed of or otherwise deposited or released in or on the Easement or elsewhere on NRG's Property.

FORT BEND further agrees that FORT BEND will not engage nor will it otherwise participate in: (i) any activity with respect to the Easement which would cause the Easement or the adjoining property of NRG to become a hazardous waste treatment, storage or disposal facility within the meaning of the Resource Conservation and Recovery Act of 1976 ("RCRA"),

as now or hereafter amended, or any similar state law or local ordinance or other environmental law; (ii) release or threatened release of a hazardous substance from or to the Easement or adjoining property of NRG within the meaning of the Comprehensive Environmental Response Compensation and Liability Act of 1989 ("CERCLA"), as now or hereafter amended, or any similar state law or local ordinance or other environmental law; (iii) the use of any substance or the maintenance of conditions in or on the Easement or adjoining property of NRG which might reasonably support a claim or cause of action under RCRA, CERCLA, or any similar state law or local ordinance or other environmental law; and (iv) the construction and location of underground storage tanks on the Easement. The terms used within this Section 10 shall have the meanings specified in RCRA and CERCLA; provided, in the event either RCRA or CERCLA is amended so as to broaden the meaning of any term defined thereby, such amendment shall apply to FORT BEND's obligations imposed by the Easement; provided, further, that should the State of Texas establish by law a meaning for such terms which is broader than specified in either RCRA or CERCLA, the broader meaning or definition shall apply.

Upon the written request of NRG specifying the reason for such request, FORT BEND shall remove from NRG's Property, and prevent the future access to NRG's Property, of any employee, contractor, subcontractor, agent, invitee, successor or assign of FORT BEND who (i) does not comply with any policies and procedures of OSHA, (ii) otherwise violates applicable law, (iii) fails to comply with NRG's safety requirements, or (iv) in the sole discretion of NRG, poses an unreasonable risk to NRG's Property or personnel.

If the court or third party renders a final determination that an NRG Indemnified Party was partially or solely at fault, then NRG shall reimburse FORT BEND to the extent of any NRG Indemnified Party percentage of negligence or willful misconduct as it relates to defense costs or indemnity payments that were made for the benefit of such NRG Indemnified Party prior to said final determination.

Prior to the exercise of any remedy occasioned by FORT BEND's default, NRG shall provide written notice to FORT BEND specifying the instance or instances of FORT BEND's default. If for any reason FORT BEND fails to correct or cure such default within thirty (30) days from the date of FORT BEND's receipt of such written notice, then in addition to any other remedies available to NRG, NRG may immediately and without further notice to FORT BEND terminate the Easement granted herein and all rights to FORT BEND created hereunder. Provided, however, the Easement shall not be terminated for default if such cure or correction of default cannot, in the exercise of all due diligence, be accomplished within said thirty (30) day period, but FORT BEND commences to correct or cure such default within said period and proceeds with remedial actions with all due diligence and without cessation until the incident of default is corrected or cured. Notwithstanding the foregoing, in no event shall FORT BEND

be provided more the 180 calendar days to cure, following the receipt of NRG's initial written notice specifying the instance or instances of FORT BEND's default.

12. **Amendments; Counterpart Execution; No Waiver; Entire Agreement**

Any amendment or modification of the terms and conditions set forth herein or any waiver of such terms and conditions must be agreed to in a writing signed by NRG and FORT BEND.

This instrument may be executed in multiple counterparts, each of which shall be considered an original when fully executed.

Neither the failure nor any delay by NRG in exercising any right, power or privilege under this agreement will operate as a waiver thereof, nor shall any single or partial exercise thereof preclude any other or further exercise thereof or the exercise of any right, power or privilege hereunder. The rights, remedies, powers and privileges herein provided are cumulative and not exclusive of any rights, remedies, powers and privileges provided by law or equity.

This agreement contains the entire agreement and supersedes all prior agreements and understandings, both written and oral, between the parties hereto with respect to the subject matter hereof.

The undersigned certify that they are authorized to execute this agreement on behalf of their respective companies.

13. **Severability**

If any term or other provision of this Easement shall be held invalid, illegal or incapable of being enforced by any applicable law or public policy by a court of competent jurisdiction, all other conditions and provisions of this Easement shall nevertheless remain in full force and effect so long as the legal substance of the transaction contemplated hereby is not affected in any manner materially adverse to either party. Upon such determination by a court of competent jurisdiction that any term or other provision is invalid, illegal or incapable of being enforced, the parties shall negotiate in good faith to modify this Easement so as to give effect to the original intent of the parties as closely as possible in an acceptable manner to the end that the transaction contemplated hereby is fulfilled to greatest the extent possible.

14. **Notices**

Any notice, request, authorization, demand or other communication required or permitted under this Agreement, aside from the notice required under Section 13 above, shall be deemed to be properly given by the sending party and received by the other party when made in writing and: (i) hand-delivered; (ii) delivered by a reputable courier service requiring signature for receipt; (iii) mailed by certified or registered air mail, post prepaid, with a return receipt requested; or (iv) sent by facsimile as evidenced by a printed confirmation from the sending party's facsimile machine, to the other party's addresses set forth below:
