Body armor must comply with the most current National Institute of Justice (NIJ) body armor standards, as of the date the body armor was ordered. Information regarding the current NIJ standards can be found online at www.justnet.org.

Award recipients must have in place uniquely fitted vest requirements, meaning vests that conform to individual wearers to provide the best possible fit and coverage through a combination of:

- Correctly sized panels and carrier, determined through appropriate measurement
- Properly adjusted straps, harnesses, fasteners, flaps, or other adjustable features

Funding may be used to purchase only one vest per officer during the jurisdiction's stated replacement cycle. Funding may be used toward the purchase of tactical-level vests, but if a tactical-level vest is purchased for an officer, it must be the officer's primary vest.
