Re: SPI 2017 Mobility Bond Project Management Agreement

Dear Mr. Akinwande:

We respectfully request an amendment to the referenced agreement to increase our fee in the amount of \$411,432.00. This first amendment would increase the amended maximum compensation amount of \$1,000,000.00 to \$1,411,432.00. In accordance with the original agreement, time will be billed hourly at approved rates. We have enclosed a 2021 billing rate sheet, and request that this rate sheet be approved for billing purposes.

The need for added funds comes from ongoing efforts to complete the design and construction of most of the 2017 projects. In addition to management of the projects to date, significant funds were expended on Masterworks training, the preparation of design criteria, and preparation for the 2020 mobility bond election. Several projects were added to the program, including two smaller projects designed by SPI.

We have enclosed a simple level of effort estimate to show how we anticipate our time to be distributed among the active projects.

We very much appreciate the opportunity to serve the County, and will continue to make every effort to efficiently move projects through design and construction. Please contact me if you have any questions.

Sincerely,

Mark C. Dessens, P.E.
Vice President
