We have performed the procedures enumerated below, which were agreed to by you, solely to assist the East Fort Bend County Development Authority (the "Authority") with the request for reimbursements for approved projects and other advances made by 3MEBS Property Company, LLC dba Street Level Investments (the "Developer") in the development commonly referred to as the Grid (the "Development") as more fully described in the following agreements (the "Agreements"):

The sufficiency of these procedures is solely the responsibility of the parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures enumerated below either for the purpose for which this report has been requested or for any other purpose.

1. We obtained a listing of invoices along with copies of invoices and cancelled checks supporting project costs incurred by the Developer and summarized the same in the attached exhibits for project 1001.009.
2. We reviewed the invoices to ensure the costs submitted were related to the projects described in the Agreements listed above. The invoices were also reviewed to ensure charges were not duplicated and the period of services did not overlap. Substantiated costs to date for these projects have been included in the attached exhibits for project 1001.009.
3. We compared the total costs submitted to the project budget to ensure the aggregate costs did not exceed the budget as well as comparing the cost incurred against the construction contracts to ensure they did not exceed the contract amounts. No exceptions were noted.
4. We computed interest due to the Developer in accordance with Agreements listed above and have included interest due to the Developer through September 27, 2021 along with a daily rate thereafter.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on the amounts to be paid to the Developer. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures; other matters might have come to our attention that would have been reported to you.
