To Whom it May Concern,

We have one goal at The Penworthy Company – to give you the best, most unique selection of children’s books with the highest level of service. We work with schools and libraries across the country to provide Penworthy Prebound Books, reinforced library bound books, board books and puppets since 1982.

The Penworthy Company is the sole source for Penworthy Prebound Books, STEAM to GO and Phonics kits within the last six months. Penworthy Prebound Books’ features make them the best investment for your collection:

- Sophisticated, four-color covers recreate the original look of the book and ensure that every cover is bright, colorful, and appealing to kids.
- Sturdy library board is glued into the covers with strong, high quality adhesives.
- “True library corners” with a soft edge makes them less likely to fray or wear
- Bodies are side-sewn bound with exposed cloth hinges.
- Spines are rounded to prevent crushing and cracking.
- Each book is hand checked to ensure it meets the highest of quality standards.
- Penworthy Prebound Books meet or exceed the Library Binding Institute’s prebound binding specifications, creating the longest lasting books on the market.
- All STEAM to GO and Phonics are pre-assembled, require no consumables and are designed for hands-on learning.

While the titles Penworthy provides are available from other sources, they are not available in the Penworthy Prebound format, which is more durable and long-lasting. We offer new, high-demand titles in this format well before other vendors, kept in stock and ready to ship. **Orders ship complete with no back orders and no shipping charges, typically within twenty-four hours after receipt of order.** Additionally, we now offer free cataloging, shelf-ready processing and a 60 day circulation guarantee.
