AGREEMENT

Section 1. Scope of Services

Section 2. Personnel

2.1 Consultant represents that it presently has, or is able to obtain, adequate qualified personnel in its employment for the timely performance of the Scope of Services required under this Agreement and that Consultant shall furnish and maintain, at its own expense, adequate and sufficient personnel, in the opinion of County, to perform the Scope of Services when and as required and without delays.

2.2 All employees of Consultant shall have such knowledge and experience as will enable them to perform the duties assigned to them. Any employee of Consultant who, in the opinion of County, is incompetent or by his conduct becomes detrimental to the project shall, upon request of County, immediately be removed from association with the project.

Section 3. Compensation and Payment

3.1 Consultant's fees shall be calculated at the rates set forth in the attached Exhibit A. The Maximum Compensation for the performance of Services within the Proposal described in Exhibit A is six hundred seventy-two thousand seven hundred fifty-eight dollars and no/100 (\$672,758.00). In no case shall the amount paid by County under this Agreement exceed the Maximum Compensation without written amendment executed by the parties.

3.2 All performance of the Scope of Services by Consultant including any changes in the Scope of Services and revision of work satisfactorily performed will be performed only when approved in advance and authorized by County.

3.3 County will pay Consultant based on the following procedures: Upon completion of the tasks identified in the Scope of Services, Consultant shall submit to County staff designated by Facilities Management & Planning Director, one (1) electronic (pdf) and/or one (1) original copy of invoice showing the amounts due for services performed in a form acceptable to County. County shall review such invoices and approve them within thirty (30) calendar days with such modifications as are consistent with this Agreement and forward same to the Auditor for processing. County shall pay each such approved invoice within thirty (30) calendar days. County reserves the right to withhold payment pending verification of satisfactory work performed.

Section 4. Limit of Appropriation

4.1 Consultant clearly understands and agrees, such understanding and agreement being of the absolute essence of this Agreement, that County shall have available the total maximum sum of six hundred seventy-two thousand seven hundred fifty-eight dollars and no/100 (\$672,758.00), specifically allocated to fully discharge any and all liabilities County may incur.

4.2 Consultant does further understand and agree, said understanding and agreement also being of the absolute essence of this Agreement, that the total maximum compensation that Consultant may become entitled to and the total maximum sum that County may become liable to pay to Consultant shall not under any conditions, circumstances, or interpretations thereof exceed six hundred seventy-two thousand seven hundred fifty-eight dollars and no/100 (\$672,758.00).

Section 5. Time of Performance

The time for performance of the Scope of Services by Consultant shall begin with receipt of the Notice to Proceed from County and end no later than September 30, 2022. Consultant shall complete the tasks described in the Scope of Services within this time or within such additional time as may be extended by the County.

Section 6. Modifications and Waivers

6.1 The parties may not amend or waive this Agreement, except by a written agreement executed by both parties.

6.2 No failure or delay in exercising any right or remedy or requiring the satisfaction of any condition under this Agreement, and no course of dealing between the parties, operates as a waiver or estoppel of any right, remedy, or condition.

6.3 The rights and remedies of the parties set forth in this Agreement are not exclusive of, but are cumulative to, any rights or remedies now or subsequently existing at law, in equity, or by statute.

Section 7. Termination

7.1 Termination for Convenience – County may terminate this Agreement at any time upon thirty (30) days written notice.

7.2 Termination for Default

7.2.1 County may terminate the whole or any part of this Agreement for cause in the following circumstances:

7.2.1.1 If Consultant fails to perform services within the time specified in the Scope of Services or any extension thereof granted by the County in writing;

7.2.1.2 If Consultant materially breaches any of the covenants or terms and conditions set forth in this Agreement or fails to perform any of the other provisions of this Agreement or so fails to make progress as to endanger performance of this Agreement in accordance with its terms, and in any of these circumstances does not cure such breach or failure to County's reasonable satisfaction within a period of ten (10) calendar days after receipt of notice from County specifying such breach or failure.

7.2.2 If, after termination, it is determined for any reason whatsoever that Consultant was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the County in accordance with Section 7.1 above.

7.3 Upon termination of this Agreement, County shall compensate Consultant in accordance with Section 3, above, for those services which were provided under this Agreement prior to its termination and which have not been previously invoiced to County. Consultant's final invoice for said services will be presented to and paid by County in the same manner set forth in Section 3 above.

7.4 If County terminates this Agreement as provided in this Section, no fees of any type, other than fees due and payable at the Termination Date, shall thereafter be paid to Consultant.

All documents, data, reports, research, graphic presentation materials, etc., developed by Consultant as a part of its work under this Agreement, shall become the property of County upon completion of this Agreement, or in the event of termination or cancellation thereof, at the time of payment under Section 3 for work performed. Consultant shall promptly furnish all such data

and material to County on request. If the County modifies and/or uses the documents for any reason other than their intended use, without Consultant's authorization, the Consultant shall be released from any liability as a result of such action.

Section 9. Inspection of Books and Records

Consultant will permit County, or any duly authorized agent of County, to inspect and examine the books and records of Consultant for the purpose of verifying the amount of work performed under the Scope of Services. Accordingly, County may seek and obtain injunctive relief against the breach or threatened breach of the foregoing undertakings, in addition to any other legal remedies that may be available. Re: Proposal for County-wide Facilities Assessments, Reports, and Recommendations

Dear Mr. Knight,

Per our meeting on Monday, September 20th, the VANIR | AUTOARCH team is pleased to present our proposal to provide Facility Assessments, Reports, and Recommendations for the facilities indicated by the County, to assist the County in preparing for the upcoming capital improvement bond.

SCOPE OF WORK

Vanir| AUTOARCH will perform a Facility Condition Assessment of 106 county facilities totaling approximately 2.7 million square feet. These facilities are in 78 different locations in the county. The condition of the facilities and systems at each location will be evaluated and entered into our database. We will prioritize the deficiencies according to the County's priorities and develop cost estimates to address them in the recommended time frame. We will utilize a database (MOCAPlan) that can be updated to track progress in addressing the facility's needs. After this assessment, the County will have a snapshot of existing conditions, what is needed to maintain or upgrade the facilities, and that can be expanded to include other county facilities as desired.

OUR APPROACH

To perform the onsite assessments, we have assembled a team of local subject matter experts, including civil, mechanical, and electrical engineers and architects, and other building professionals. We will utilize two teams and will conduct the on-site assessments over 12 weeks. We will coordinate all site visits with your office and the building occupants to avoid interfering in their work environment. This effort will require 3,100 person-hours to complete.

The Facility Condition Assessment (FCA) will include but is not limited to:

- Review and compile existing information on County facilities
- Conduct site visits to photograph, examine and document specific conditions and deficiencies of facility systems and components
- Prioritize identified deficiencies in order of importance
- Develop cost estimates for maintenance and repair
- Compare costs of repair to costs of facility replacement
- Deliver draft, final report, and an electronic database that the county may update the FCA.
- Provide a comprehensive narrative discussing FBC growth and space deficiencies the County will face within the five years. The County will provide the VANIR | AUTOARCH JV with resource information, including previous survey information, available construction/record documents, and any other available resource documents. County staff will also provide access to buildings that will be assessed.

TIME FRAME

We anticipate the Facility Condition Assessment process will take approximately four months from start to finish. Our proposal assumes we can be completed within this time.

FEE

The Lump Sum Fee Proposal for Facility Condition Assessment for all county facilities shall be \$672,758.00 (six hundred seventy-two thousand, seven hundred and fifty-eight dollars)

The buildings to be assessed are included in Attachment A.

Note: All expenses for the Assessment are included, and there are no reimbursable expenses.

DELIVERABLE

The final scope of services and deliverables shall be refined in the kick-off phase of the assessment process.

At the completion of the FCA, the County will have:

- an objective and technical analysis of the physical condition of County facilities
- the associated costs to correct the building deficiencies and improvements
- identified buildings that warrant replacement
- a prioritized strategy for improving and upgrading buildings
- an on-going monitoring program to track facility conditions, work performed, and record information in an appropriate database a one-page narrative that uses the last five years of growth and employment at the County to project ahead the next five years of facility requirements

ADDITIONAL SERVICES OFFERED BY THE VANIR | AUTOARCH TEAM

1. Healthy Built-Environment Analysis with an assessment of the existing mechanical system and indoor air quality.
2. Strategic Planning to Improve Facility Utilization and Performance by optimizing program and space requirements based on facility conditions, growth projections, test fits, space programming and planning, and real estate optimization.
3. Electronic Security Assessment, assessing where select County facilities stand today, developing a vision of where they need to be, and providing a gap analysis.

Please call for any questions you may have.

Respectfully,

Kamal Ariss

Project Executive
