Attachment A
Scope of Work
Drainage Review Assistance Services

Halff Associates, Inc. (Consultant) will provide assistance in review of drainage reports submittals for Fort Bend County Drainage District (District).

TASK 1. MANAGEMENT

Consultant will manage the work outlined in this scope to help facilitate the efficient use of Consultant's and District's time and resources. Consultant will manage change, communicate, coordinate internally and externally as needed, and address issues with the District's Project Manager and others as necessary to make progress on the work.

1.1 Managing the Team

- Lead, manage and direct team activities
- Establish quality control practices in performance of the work
- Communicate internally among team members
- Task and allocate team resources

1.2 Communicating and Reporting

- The Consultant will maintain a log of all drainage reviews in a manner approved by the District's Project Manager. The log will include project name and number, dates of receipt of reports, review costs, name of review engineer, date of completion of review, and status of review.
- At the request of the District's Project Manager, the Consultant will attend meetings with the Developer and Developer's Engineer to discuss comments. The Consultant will not discuss review comments or meet with Developers or Developer's Engineers concerning the review project outside of the District meetings unless requested by District Staff.
- The Consultant will prepare invoices, in accordance with Attachment B to this standard agreement, and submit monthly in the format requested by the District.

DELIVERABLES

- A. Drainage Review Logs
- B. Digital Copies of all correspondence with Applicants
- C. Monthly Invoices
- D. Monthly Progress Reports

TASK 2. TASK ORDER IMPLEMENTATION

2.1 Initiate Task Order Request

The District's Project Manager or (designated representative) will provide Consultant with digital copies of all submitted materials. The District will specifically request the type of review needed. The files will include the information submitted to the District such as completed checklists, plans, computations, reports, and computer models. The District's Project Manager should also provide additional background information needed by the Consultant such as the existence of known downstream drainage problems and flooding.

2.2 Initial Review

Drainage reports and applicable models will be reviewed for conformance with the most current Drainage Criteria Manual for Fort Bend County. Comments will be summarized in a transmittal letter. The Consultant will be available to discuss comments with the District's Project Manager as needed. The District's Project Manager will be responsible for providing comments to the Developer and Design Engineer. Initial reviews shall be completed within 14 calendar days of notification from District's Project Manager.

2.3 Subsequent Review

Up to one additional review of revised drainage reports and models will be performed by the Consultant. Additional reviews are not included in this contract. The review will be completed within 14 calendar days of notice of re submittal.

If initial comments issued during the initial review have been addressed in the subsequent submittal, Consultant will prepare a letter notifying District's Project Manager that the submittal complies with current drainage criteria for Fort Bend County.

If initial comments are not fully addressed in the subsequent submittal, comments will be issued in the same manner as for initial reviews.
