Subject: Street Light #596464 relocation
Location: Teal Oaks Dr
Brazoria Area

Dear Streetlight Requestor ,

Per your request, CenterPoint Energy has prepared an estimate of cost to relocate streetlight #**596464**. The total cost for this request is **\$981.00** which is not subject to refund. This estimate is valid for 180 days from date of creation.

Your signature or designee's signature below will be our acknowledgment of your company's acceptance to the above mentioned terms and associated charges. Also, a check for the noted amount made payable to *CenterPoint Energy*, will be our authority to proceed with the necessary work. The work will be completed approximately 30 business days after payment is received; weather permitting. Please send the check and the **original signed copy** of this agreement to:

CenterPoint Energy Houston

Attn: Distribution Project Administration
4700 S. Shaver, Bldg. I 3rd FL
Houston, TX 77034

If you have any questions, please contact me at (713) 945-3202 or email david.diggs@CenterPoint Energy.com

Sincerely,

David Diggs

Street Light Notes

-All streets must be curbed and guttered prior to the installation of street lighting facilities unless otherwise approved by the Lighting Design Service Department.

-Dedicated street light easements are required along all placement of street lighting facilities when such facilities are installed along private streets. Street lighting will only be installed along private streets that can be accessed for maintenance and only when such a street is constructed in an easement intended to contain a private street, waterlines, sanitary sewer lines, storm sewer, and such other utility or franchise infrastructures as can be accommodated and which, for the purpose of established setback, will be considered to be the equal of a public street.

-The design of all streets, utility easements, and storm sewer easements must be approved by all appropriate reviewing agencies before the installation of street lighting.

-Street lighting will be installed to the recommendations of the illuminating Engineering Society unless otherwise requested and agreed upon in writing by the requestor of street lighting service.
