Course Catalog > Traffic Enforcement

Police Motorcycle Instructor

This course is intended for the police motorcycle officer responsible for motorcycle training within an agency. It will also assist you in upgrading your department's current motorcycle training program.

You will participate in skill developing exercises during the first week of instruction. You will then learn how to set-up programs in your department which will ensure that only the most capable officers are assigned to the motorcycle unit.

Prior to successful completion of the course, each instructor candidate will be evaluated on a timed obstacle course. In addition, you will participate in extended rides where you will be exposed to several different riding situations. Tactical shooting situations will be practiced and special problems in police motorcycle use will be addressed.

In addition, you will learn skills necessary to improve your peak performance in critical motorcycle operations such as alarm/stress response, tactical breathing, heart rate variability and visualization techniques.

You will be given special projects involving range layout, scheduling and setting-up a departmental training program. Instructor techniques will be discussed and a unit of instruction will be conducted which will be critiqued by the IPTM staff.

The course is designed for the operator of a two-wheel motorcycle with a minimum displacement of 500 cc.

Audience

Current motorcycle officers and academy instructors

This course is restricted to active law enforcement personnel.

Course Length

80 hours

Prerequisite(s)

You must be a good and current rider. You must have a motorcycle driver's license endorsement, if required by resident state. You must have successfully completed a certified police motorcycle rider course, or its equivalent, given by an approved police motorcycle instructor.

What to Bring

Required

- Your department-issued motorcycle, currently assigned to you, or a similar motorcycle approved by IPTM for range and street riding exercises. The bike should be in good condition and have a pre-course maintenance check.
- On-duty weapon, holster rig and one dress uniform
- Rain gear
- Boots that cover your ankle or dress boots
- Riding gloves
- Light or heavy jacket (depending on weather)
- Eyes and ears protection
- Eye protection/sunglasses
- Approved helmet
- Ample supply of jeans/casual wear
- Body armor (vest)
- Four hundred (400) rounds of ammunition. One hundred (100) of which should be frangible rounds. If you or your agency is unable to provide frangible rounds, bring what you normally use in firearms training.

Recommended

- Athletic cup for protection

Note(s)

You will be required to sign a waiver of responsibility.

Police Motorcycle Instructor (22BTR01601)

May 02, 2022 - May 13, 2022

DeLand, Florida

Dear James Reed,

This email confirms your enrollment in *Police Motorcycle Instructor*, conducted by the Institute of Police Technology and Management (IPTM). The class begins at 8:00AM on May 02, 2022. Please arrive in time to locate your classroom. See below for important information regarding your training.

Location Information

Volusia County Sheriff's Office EVOC Track

2570 West New York Avenue

DeLand, Florida 32720

Driving Directions

Travel west on US-92 (International Speedway Boulevard) from Daytona until it dead ends into 15A (Spring Garden). Take a left and travel to State Road 44. Take a right and travel to the track on your left. The entrance is marked with a green sign which sits along the side of the fire station. If you make it to the river you have gone too far.

Class Sessions

Week of May 02, 2022

- Mon - Fri: 8a - 5p

Week of May 09, 2022

- Mon - Fri: 8a - 5p

Note: A light jacket is suggested as classrooms can be cool.

Statement on Coronavirus

The wellbeing of IPTM students, instructors, and staff is always of paramount concern to the Institute in good times and bad. Regarding safer classroom COVID-19

practices, the training locations you are visiting for your IPTM training will vary from state to state regarding recommendations and enforcement of the recommended CDC best practices during this ongoing COVID-19 concern. Therefore, we ask that you be flexible with the host locations policies, but the one constant that you need to be prepared for and plan accordingly, will be the likelihood of a wearing a mask, at some point. So please bring your mask of choice to the IPTM training for use during the class. We look forward to working alongside you in full support of your IPTM training experience!

Thank you for choosing the Institute of Police Technology and Management for your training services. Should you need additional information, please contact us at (904) 620-4786 or info@iptm.org.

Sincerely,

Donnie Barker
