

MARK YOUR CALENDARS

AXON ACCELERATE IS APR 11-14, 2023

Axon Accelerate is public safety's premier technology conference, which combines the innovation of an industry conference with the hands-on learning and networking of a user conference. Axon Accelerate 2023 will take place **April 11-14, 2023 at the Phoenix Convention Center in Phoenix, AZ.**

Geared toward public safety, attendees will experience keynotes on the future of public safety technology, attend panel discussions and presentations on key technology and topics, and receive ample networking opportunities with colleagues and technology providers.

AUDIENCE

Axon Accelerate is designed for all members of public safety, including but not limited to law enforcement, fire, EMS, corrections, justice, federal, private and campus security and even commercial attendees. Axon Accelerate sees attendees from across the globe, and anyone who is interested in technology to protect life and promote justice is encouraged to attend Axon Accelerate.

CURRICULUM

Axon Accelerate features 3 days of core programming including keynotes from leaders in the technology, public safety and business sectors, breakout sessions on topics related to common challenges and innovative solutions in the public safety sector, and an expo hall featuring industry-leading technology experts in the public safety space.

Attendees will have exclusive first looks at Axon product launches and gain insights and best practices around Axon technology as we celebrate Axon's 30th Anniversary. Past attendees have expressed Accelerate is an amazing chance to get hands-on time with Axon technology you don't use every day, or products your agency has not yet explored in depth.

Axon Accelerate attendees have the chance to attend Axon's annual RISE Awards Ceremony and annual Accelerate Party, and explore custom-built attendee experiences. Axon Accelerate attendees can opt-in to a supplementary Body-Worn Camera Certification Course that takes place the day before and another offering one day after core conference programming ends.
