Melissa,

Yes, JR Whatley will be going in place of Greg Najvar. I must have been zoned out during the original conversation.

Melissa,

I need to get the verbiage for this. Also, I thought Greg was removed and JR is going now?

Subject: Out of State Travel for CC - HM2

Melissa,

We need to put an out of state travel item on the CC agenda. The purpose of the travel is to conduct the final inspection on a new hazmat apparatus and the dates of the travel are to fly there

the morning of April 17th and fly back on the afternoon of April 19th. The destination is the Pierce Manufacturing Facility in Bradenton, Florida. The people below have been slated to go:

Kip Hilgers
David Helms
Greg Najvar
William Young

Thanks

Doug Barnes
