EXHIBIT A

(Project Description Follows Behind)

Project Name:

ESD 7/Medic 612

Background Information:

Fort Bend County EMS (FBCEMS) is a Government Third-Service EMS Agency operating under the Fort Bend County Department of Health and Human Services. FBCEMS provides pre-hospital 9-1-1 emergency response to over 860,000 residents of Fort Bend County. By Texas Administrative Code 157 and the Texas Health and Safety Code 773, FBCEMS acts as the primary EMS Agency for all unincorporated areas, cities and towns of the county that otherwise do not supply their own EMS Service. Additionally, FBCEMS is by statute, the secondary EMS provider to any EMS agency within Fort Bend County that is unable to maintain operations. FBCEMS provides mutual aid and automatic aid to the City of Sugar Land Fire/EMS, Community Volunteer Fire Department (EMS) and the City of Katy Fire Department.

Project Description:

The demographics of the Fresno and Arcola areas of Fort Bend County are minority communities with the median household income range of low to low/moderate. While construction, infrastructure and mobility projects are changing the landscape of the area, the residents of this area continue to be under-served particularly in healthcare setting during Covid-19.

As the CDC has referenced throughout the pandemic, the minority population has been affected harder by Covid-19 than other segments of the population. Often employed but without health insurance or primary healthcare, residents of these areas often forgo seeking medical assistance until the condition worsens to a true medical emergency. This increases the need for EMS to manage critical patients until they can be transported to an Emergency Room for further evaluation and treatment.

The assigned unit to Fresno/Arcola is currently stationed in Sienna Plantation, an affluent subdivision outside of Missouri City. The funding request would relocate this unit to the ESD #7 Fire Station. This move will greatly increase the presence of EMS to this underserved area and promote improved healthcare to the residents.

Funding would allow for FBCEMS to expand current operations while contributing to these projects, securing space for the MICU, equipment and staff to be based from the ESD facility. The Fresno/Arcola areas of Fort Bend County are demographically the lowest income residents that fall well below the poverty level. Residents in this area rely on EMS as well as Emergency Departments as their medical care, because most people do not have insurance. This area of FBC has seen and continues to maintain the highest call volume level since the start of CV-19. By assisting this ESD, this partnership will provide a greater service area and quicker response times.

Scope of Work:

Emergency Services District #7 is in the planning phase of construction for a Fire/EMS Station. This project will provide housing for Fire and EMS personnel, supplies & equipment as well as garage space for emergency vehicles.

- Phase 1: Apparatus Bay that will house EMS and Fire vehicles.
 - Funded by ARPA
 - Estimated cost may be exceeded with current material costs
 - Schedule of Value will be provided
 - Outlined on attached plan in orange
 - To include roadway to, and parking at this structure
- Phase 2: Housing Structure for emergency personnel
 - Complete construction, from slab to roof, including parking and roadway to and for the housing structure to be funded completely by ESD #7

Pt. 200, App. II

Appendix II to Part 200—Contract Provisions for Non-Federal Entity Contracts Under Federal Awards

In addition to other provisions required by the Federal agency or non-Federal entity, all contracts made by the non-Federal entity under the Federal award must contain provisions covering the following, as applicable.

(A) Contracts for more than the simplified acquisition threshold currently set at \$150,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

(B) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

(C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

(D) Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

(E) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in

the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

(F) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of "funding agreement" under 37 CFR § 401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

(H) Mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (42 U.S.C. 6201).

including the proposed capital distribution, exceeds its eligible distributable income; provided, however, that any prior approval of a capital distribution by the Department of the Treasury does not supersede any applicable regulatory requirements of the ECIP recipient's appropriate Federal banking agency, or other actions taken by such agency. Such distributions shall be subject to an annual reconciliation, with any surplus or deficiency to be deducted or added to distributions, as applicable, in the following year. Any tax-related distributions permitted under this paragraph (c) must also comply with any applicable limitations or determinations established by an ECIP recipient's Federal regulators.

§ 35.24 Annual certification.

On an annual basis an ECIP recipient shall, in accordance with the terms and conditions of its ECIP investment agreement, submit to the Department of the Treasury a certification executed by two senior executive officers (one of which must be either its principal executive officer or principal financial officer) that the ECIP recipient is in compliance with each of the excessive compensation, severance pay, and excessive or luxury expenditures requirements and restrictions on capital distributions set forth in §§ 35.22 and 35.23.

§ 35.25 Exemptive relief.

The Department of the Treasury may grant exemptions or waivers from some or all of the restrictions on share buybacks and dividend payments under this part if such exemption or waiver is necessary or appropriate to effectuate the goals of the ECIP or to protect the public interest. Appendix A to Part 35—Emergency Capital Investment Program Model Excessive or Luxury Expenditures Policy

I. Introduction

A participant in the Emergency Capital Investment Program (ECIP recipient, as defined at 31 CFR 35.21) is required to establish and maintain policies designed to eliminate excessive or luxury expenditures. The term "excessive or luxury expenditures" means excessive expenditures on any of the following to the extent such expenditures are not reasonable expenditures for staff development, reasonable performance incentives, or other similar reasonable measures conducted in the normal course of the ECIP recipient's business operations: (1) Entertainment or events; (2) office and facility renovations; (3) aviation or other transportation services; (4) tax gross-ups; and (5) other similar items, activities, or events for which the ECIP recipient may reasonably anticipate incurring expenses, or reimbursing an employee for incurring expenses.

- (1) To facilitate compliance with this requirement, the Department of the Treasury is making available a model excessive or luxury expenditures policy. An ECIP recipient may refer to this model policy for guidance in satisfying the requirement at 31 CFR 35.22(c) to adopt and maintain an excessive or luxury expenditures policy. Alternatively, ECIP recipients may use other forms of, or existing policies relating to, excessive or luxury expenditures, provided that such other forms or policies satisfy all the requirements of the regulation at 31 CFR 35.22(c).
- (2) An ECIP recipient's luxury or excessive expenditure policy should be posted on the ECIP recipient's website. Any material amendments to an ECIP recipient's excessive or luxury expenditures policy must be made in accordance with the provisions set forth in 31 CFR 35.22(d) (Material changes in policies or procedures). If the ECIP recipient makes any material amendments to this policy, then the ECIP recipient must submit a copy of the amended policy to the Department of the Treasury and post the amended policy on the ECIP recipient's website. ECIP recipients should refer to 31 CFR part 35, subpart B for additional information regarding definitions of terms used in the model policy, disclosure, material changes, certification, and other compliance requirements.

II. Model Excessive or Luxury Expenditures Policy

A. Purpose

The purpose of this policy is to establish parameters and internal controls governing the expenditures of [NAME OF ECIP RECIPIENT] (together with its subsidiaries and controlled affiliates, referred to hereafter as the Organization). Expenditures of the Organization should be customary, prudent, consistent with applicable laws and regulations, and reasonably related to the Organization's business objectives and needs. This policy identifies expenditures that are excessive or luxury expenditures, creates processes that are reasonably designed to eliminate such expenditures, and establishes accountability for compliance. Routine operating expenses, capital expenditures, and other reasonable expenses are not prohibited by this policy.

B. Authority

The Organization has authority to provide compensation and benefits that are reasonable. This policy establishes a prohibition on expenditures that are excessive or luxury expenditures as required by the Department of the Treasury's Emergency Capital Investment Program regulations (31 CFR part 35), and as may be required by other statutes and regulations.

C. Responsibility

This policy is the responsibility of the Organization's board of directors (board). The board has approved this policy and will review compliance with this policy no less frequently than annually, and summary data on excessive or luxury expenditures will be reported to the board as part of the compliance review.

D. Scope

This policy applies to all employees, officers, and directors of the Organization with regard to any expenditure of the Organization. In making any expenditure on behalf of the Organization, employees, officers, and directors should consider whether the expenditure is an excessive or luxury expenditure that is prohibited under this policy.

E. Excessive or Luxury Expenditures

"Excessive or luxury expenditures" means excessive expenditures on any of the following to the extent not reasonable or appropriate expenditures for business development, staff development, reasonable performance incentives, or other similar reasonable measures conducted in the normal course of the Organization's business operations:

- (1) **Entertainment or events.** This category includes fees, dues, tickets costs related to social, athletic, artistic and dining clubs, activities, celebrations or other events, and similar expenditures. Expenditures for charitable contributions and charitable events are not prohibited under this policy. Entertainment or events expenditures in an amount less than \$___ per instance, and \$___ on an annual aggregate basis per individual, are exempt from this policy.
- (2) **Office and facility renovations.** This category includes costs and allowances for office renovation, including expenditures related to furniture, art, office personalization, interior finishing, design and decoration, and similar expenditures. Office and facility renovations expenditures in an amount less than \$___ per instance, and \$___ on an annual aggregate basis per individual, are exempt from this policy.
- (3) **Aviation or other transportation services.**
 - (i) This category includes charter fees, tickets, slip or docking fees, vehicle installment payments, reservation and travel agent expenses, and similar expenditures associated with transportation services (e.g., airline, train, rental cars, or vans).

Mileage reimbursable according to current Internal Revenue Service mileage rates is exempt from this policy. Transportation services in an amount less than \$___ per instance, and \$___ on an annual aggregate basis per individual, are exempt from this policy.

- (ii) The principal executive officer may establish or delegate to an appropriate executive officer the authority to establish processes for reimbursement of reasonable travel expenditures, which processes must be reviewed by executive management no less frequently than annually.
- (4) **Tax gross-ups.** This category includes any reimbursement of taxes owed with respect to any compensation. This category does not apply to tax equalization agreements for employees subject to tax from a non-U.S. jurisdiction.
- (5) **Other similar items, activities, or events for which the Organization may reasonably anticipate incurring expenses or reimbursing an employee for incurring expenses.**
 - (i) Expenditures related to other items not listed in the preceding categories are exempt from this policy in an amount less than \$___ per instance, and together with all expenditures permitted under this policy, may not exceed \$___ on an annual aggregate basis per individual.
 - (ii) For the avoidance of doubt, reasonable capital investments in technology, equipment, and similar items that expand the long-term capability of an ECIP recipient to provide products and services to its customers and community are not excessive or luxury expenditures.
 - (iii) The principal executive officer may establish or delegate to an appropriate executive officer the authority to establish processes for the evaluation and approval of expenditures in the preceding categories that are not luxury or excessive expenditures and that are not otherwise exempt from this policy. These processes must be reviewed by executive management no less frequently than annually, as well as any additional threshold expenditure amounts per item, activity, or event, or a threshold expenditure amount per employee receiving the item or participating in the activity or event under this policy. Such approvals must be reported to the board of directors (which may be in an appropriate summary form) no less frequently than annually.

F. Exceptions or Violations

- (1) Any exception or violation of this policy must be promptly reported to the Organization's
 - (i) principal executive officer,
 - (ii) officer with primary responsibility for the Organization's compliance function, or
 - (iii) officer designated with primary responsibility for overseeing the administration, monitoring, and compliance with this policy. Exceptions and violations must be reported to the board of directors no less frequently than annually, or more frequently as the nature and severity of violation may warrant. All employees, officers, and directors of the

Organization must adhere to this policy and will be held accountable for compliance. Any employee or officer who violates this policy may be subject to disciplinary action up to and including termination of employment.

- (2) Any employee or officer that is aware of any circumstance that may indicate a violation of this policy is required to report such circumstance to their supervisor or the Organization's principal compliance officer or compliance group. The Organization prohibits retaliation against any employee or officer for making a good faith report of actual or suspected violations of the Organization's code of conduct, laws, regulations, or other Organization policies, including this policy. A finding of retaliation against any such employee or officer may result in disciplinary action up to and including termination. Failure to promptly report known violations by others may also be deemed a violation of the Organization's code of conduct.
- (3) Employees and officers may ask questions, raise concerns, or report instances of non-compliance with this policy and/or any of the existing underlying relevant policies by contacting the following: [COMPLIANCE HELP LINE OR E-MAIL].

G. Certification

On an annual basis, the ECIP recipient will deliver to the Department of the Treasury a certification, executed by two senior executive officers (one of which must be either the ECIP recipient's principal executive officer or principal financial officer) certifying that (i) the Organization is in compliance with this policy and (ii) the approval of any expenditure requiring the prior approval of any senior executive officer, any executive officer of a substantially similar level of responsibility, or the board of directors (or a committee of such board), was properly obtained with respect to each such expenditure.
