RE: Addicks Clodine Road at Riverside Grove Drive in Mission Glen – All-Way Stop Control

Dear Commissioner:

The Fort Bend County Engineering Department has completed a review of the operational conditions at the intersection of Addicks Clodine Road at Riverside Grove Drive in response to a request for all-way stop control. The intersection currently operates with stop control on Riverside Grove Drive. Addicks Clodine Road has a posted speed of 35 mph and is identified as a Major Thoroughfare in the 2015 Fort Bend County Major Thoroughfare Plan.

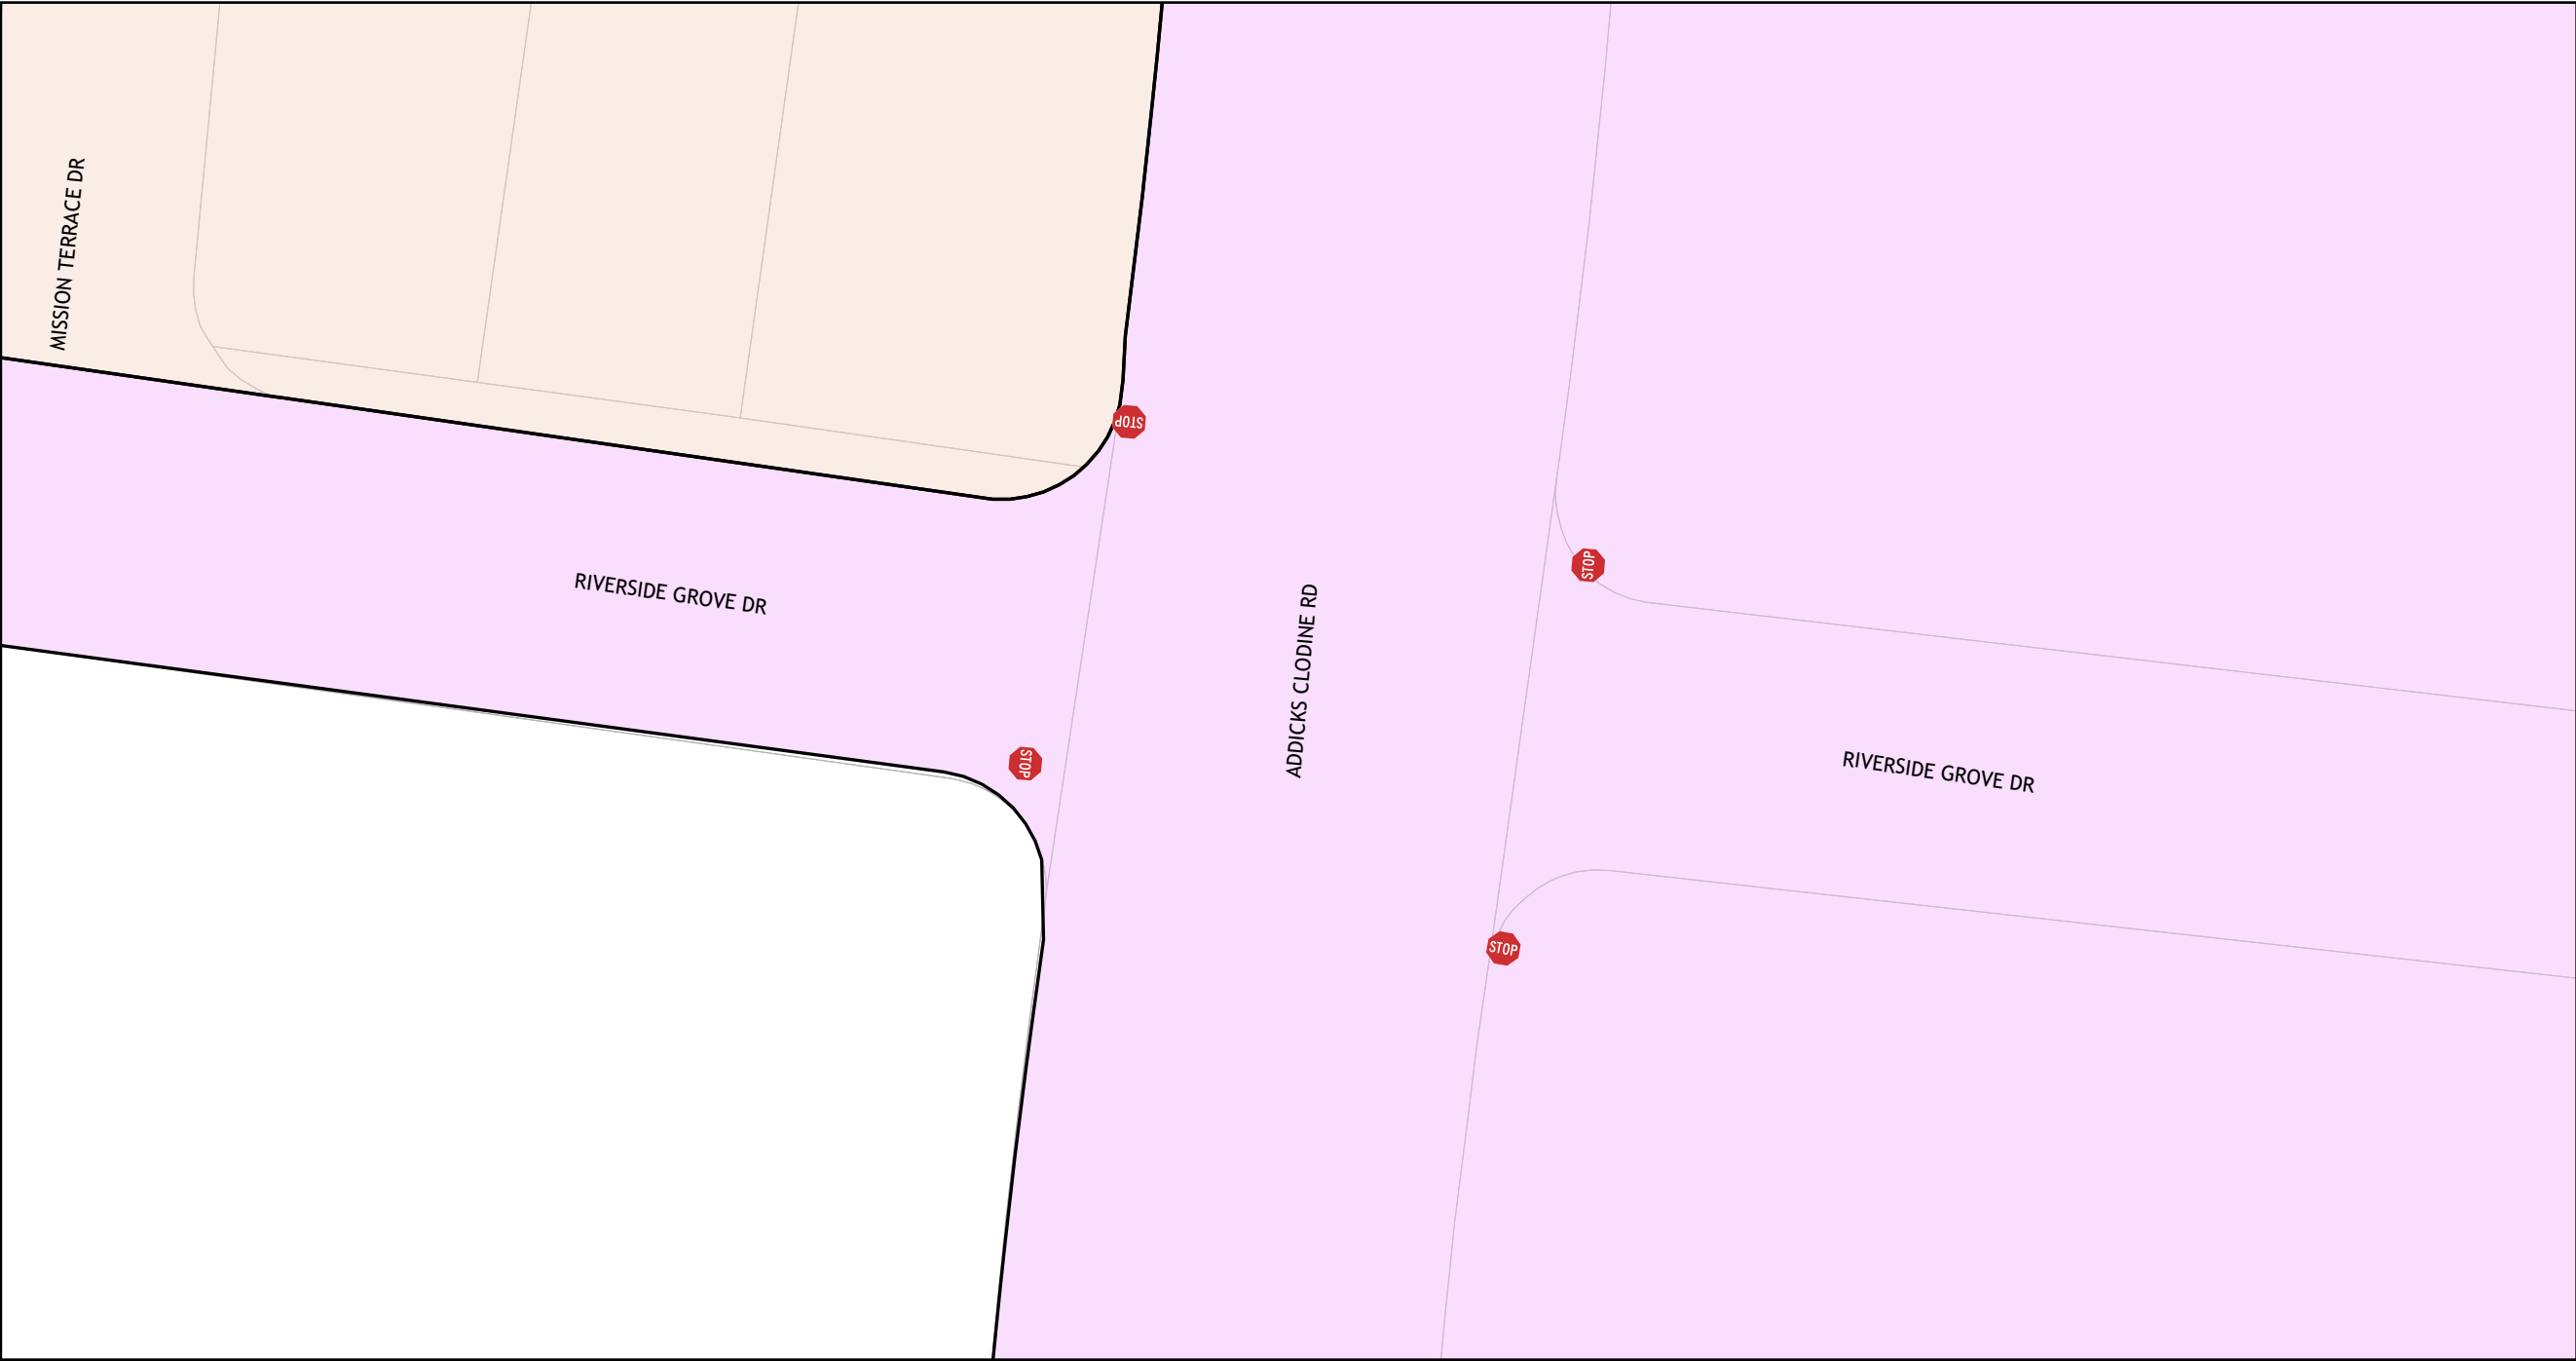

For eastbound traffic on Riverside Grove Drive, a wood fence with brick columns creates an immovable restriction of sight distance to the north on Addicks Clodine Road. As eastbound traffic cannot safely traverse the intersection, an all-way stop is warranted and Engineering recommends the conversion of the intersection to all-way stop control.

The updated traffic control plan is attached. If you have any questions please do not hesitate to contact me at 281-633-7528 or chris.debaillon@fortbendcountytx.gov.

Regards,

Chris Debaillon, PE, PTOE
