

9/1/2023

Hello Fort Bend County,

In reference to Bid 22-098, please see below for the price increase in Dibrom from 2022 to 2023. Based on the 4+ drum quantity, the price increased from \$7,550.70 per drum in 2020 to \$7,928.70 per drum in 2023. There are 30 gallons per drum. To break this down further, at an application rate of 0.75 ounces per acre, the chemical cost per acre increased by \$0.10.

For this reason, we would like to request that our price per acre, which is currently at \$2.34/acre to be amended to \$2.44/acre to reflect this increase in chemical cost.

Thank you,

Jay Sandridge
