INTERLOCAL AGREEMENT

(Koeblen Road Seg. 3 – Project No. 20115)

THE STATE OF TEXAS §
 §
COUNTY OF FORT BEND §

This Interlocal Agreement (“Agreement”) is made and entered into by and between FORT BEND COUNTY, TEXAS (the “County”), a political subdivision of the state of Texas, and the City of Rosenberg, Texas (the “City”), a municipality established under the laws of the state of Texas. County and City may be collectively referred to as the “Parties” and each individually a “Party.”

WHEREAS, this Agreement is entered into pursuant to Chapter 791 of the Texas Government Code, the Interlocal Cooperation Act (the “Act”), which authorizes local governments to contract with one another to provide governmental functions, mutual aid, and services under the terms of the Act; and

WHEREAS, the Parties are each a local governmental entity and are authorized under the Act to provide certain governmental functions, including, but not limited to the provision of road and drainage improvements; and

WHEREAS, County and City desire to improve a portion of Koeblen Road utilizing funds from the Fort Bend County Mobility Bond Project No. 20115, which funds may only be expended on city streets that are an integral part of or connecting link with county roads or state highways pursuant to Article III, Section 52 (b) and (c) of the Texas Constitution and Section 251.012 of the Texas Transportation Code; and

WHEREAS, the Parties assert that the portion of Koeblen Road to be improved under this Agreement is part of a city street that is an integral part of or a connecting link with a County road or state highway; and

WHEREAS, County and City have determined it would be in the best interest of County and City, and to the inhabitants thereof, that provisions be made for the improvement of Koeblen Road Road in accordance with the terms of this Agreement.

NOW, THEREFORE, in consideration of the mutual promises, covenants, obligations, and mutual benefits, the Parties hereto agree as follows:

1. Scope of Work.

- (a) The Parties acknowledge and agree that this Scope of Work represents the general requirements for the Project to facilitate the completion of the design and construction of certain improvements to a portion of Koeblen Road (the “Road”)

beginning at the intersection of Farm to Market Road 2218 ("FM-2218"), continuing in a Southeasterly direction along the right-of-way of Koeblen Road, and ending at a point in the future right-of-way of Spacek Road ("Spacek Rd"). Such improvements to the Road shall replace the existing 2-lane asphalt Road with a concrete boulevard (including curb, gutter, storm sewers, and sidewalks) as follows:

- (1) design and construction of a concrete half boulevard section from FM 2218 to approximately 1000 feet west of future Spacek Rd; and
 - (2) design and construction of a full boulevard for the remaining stretch of the Road to future Spacek Rd (hereinafter, collectively the "Project").
- (b) The Project shall be facilitated, managed, and administered by County. County shall take all reasonable actions to ensure that the Project is constructed in a good and workmanlike manner with all reasonable diligence.
- (c) County shall only be obligated to design and construct the Project to the extent that sufficient funds are provided by City for the same pursuant to the terms of Section 2 of this Agreement.

2. Allocation of Project Costs.

- (a) City Project Costs: The estimated cost of the Project is Four Million One Hundred Thousand and 00/100 Dollars (\$4,100,000.00). City understands and agrees that such Project Costs may be higher or lower than the estimate provided herein. In any event, City shall contribute fifty percent (50%) of the total Project Costs to County. Such costs will be based on actual costs incurred by County for the Project.
- (b) Initial Payment: Within thirty (30) days of the Effective Date of this Agreement, City shall make an initial payment of Two Million Fifty Thousand and 00/100 Dollars (\$2,050,000.00) to County (the "Initial Payment"). Upon receipt of the Initial Payment, County shall instruct its engineers to commence design of plans and preparation of specifications for the construction of the Project in accordance with Section 3 of this Agreement.
- (c) Final Payment: Within thirty (30) days of Completion of the Project, County shall furnish City with a full accounting of the funds expended on the Project. Within thirty (30) days of City's acceptance of the full accounting provided by County, City shall remit payment to County of any unpaid amounts due for the work performed and completed on the Project.

- (d) **Excess Funds:** If, during the course of full accounting of the Project referenced in Section 2(c) above, it is discovered that excess funds were received by County from City for the Project, County shall remit such excess funds that have not been used for City's portion of the Project to City within thirty (30) days of County's full accounting of the Project.
3. **Design and Specifications.** County shall select the design engineer and design all aspects of the Project in accordance with County standards and regulations. City shall provide any comments or feedback regarding the design of the Project to the County Engineer no later than thirty (30) calendar days after its review. City acknowledges and agrees that the comments and feedback provided to County shall not be binding upon County and the County Engineer, in his sole discretion, shall have the final determination regarding any comments or feedback received from the City for the design of the Project.
4. **Competitive Bid and Award.** Upon completion of final plans and specifications, County will advertise for competitive bids for construction of the Project (together or in separate contracts) in accordance with requirements applicable to County. Upon receipt of bids for the Project, County will notify the City of the amount of the recommended bid ("Notice of Bid"). If the City desires to object to the award of the contract, it must provide written notice to County within fifteen (15) days of City's receipt of the Notice of Bid. Otherwise, the City will be deemed to have approved the award of the contract to the lowest responsible bidder, in County's judgment, who would be most advantageous to the Parties and would result in the best and most economical completion of the Project. County will enter into a contract with the qualified bidder ("Construction Contract"), which may be subject to change orders that increase, decrease, or otherwise alter the Project Costs under such contract. If County constructs the Project in multiple contracts, the provisions of this Agreement shall apply to each Construction Contract.
5. **Insurance Requirements.** County will require its Contractor's insurance policies to name City, in addition to County, as additional insured on all policies except for Worker's Compensation and Professional Liability. County shall approve or deny all change orders submitted under the Construction Contract(s). County shall have the right to terminate the Construction Contract(s) and to enforce its remedies thereunder, as determined by County to be necessary. In the event of any such termination, County shall have the right to complete and/or cause the completion of the Project itself and/or through such other contractor(s) as County determines to be appropriate; provided that all work done in connection with such completion shall be in compliance with County's standards for road work. The costs of any necessary and approved completion work shall be considered part of the Project.
- 7. **Administration of County Funds for the Project.** The County's sole financial obligation under this Agreement is to provide the funding in the amount of fifty percent (50%) of the total Project Costs. The funds provided by the County are from a Mobility Road Bond initiative and no other funds will be available, regardless and irrespective of any cost overruns or unanticipated expenditures.
