Kristy Oats
Natural Resources Conservation Service
101 South Main Street
Temple, Texas 76501

Dear Kristy Oats:

We request Federal assistance under the provisions of section 216 of the Flood Control Act of 1950, Public Law 81-516 or section 403 of the Agricultural Credit Act of 1978, Public Law 95-334, to restore damages sustained in Fort Bend County by Hurricane Beryl on July 8, 2024. This work is needed to safeguard lives and property from an imminent hazard of flooding and loss of property.

We are a local government with a legal interest in or responsibility for the values threatened by the watershed emergency. We understand, as sponsors of emergency watershed protection measures, that our responsibilities will include:

- Contributing a share of the project costs, as determined by NRCS, by providing funds or eligible services necessary to undertake the activity.
- Obtaining any necessary real property rights, water rights, and regulatory permits.
- Agreeing to provide for any required operation and maintenance of the completed emergency measures.

We have exhausted or have insufficient funding or other resources available to provide adequate relief from applicable hazards. We acknowledge that NRCS will not provide funding for activities undertaken by a sponsor prior to the signing of an agreement between NRCS and the sponsor.

The names, addresses, and telephone numbers of the administrative and technical contact persons in our organization are as follows:

Adam Wright, Special Project Coordinator, 1124 Blume Road Rosenberg, Texas 77471,
adam.wright@fbctx.gov, 281-342-0141

Please contact them for any additional information that you might need in assessing our request.

Sincerely,
