COUNTY OF FORT BEND §

ADDENDUM TO EBSCO PUBLISHING, INC.'S AGREEMENT

THIS ADDENDUM ("Addendum") is entered into by and between Fort Bend County, ("County"), a body corporate and politic under the laws of the State of Texas, and EBSCO Publishing, Inc., ("EBSCO"), a company authorized to conduct business in the State of Texas (hereinafter collectively referred to as the "parties").

WHEREAS, subject to the changes herein, the parties have executed and accepted EBSCO's Product Order Form and License Agreement (collectively the "Agreement"), attached hereto as Exhibit "A" and incorporated fully by reference, for the purchase of the following, specified software subscriptions: NoveList Plus, MasterFILE Complete, and MasterFILE Reference eBook Subscription (collectively the "Services"); and

WHEREAS, County desires that EBSCO provide Services as will be more specifically described in this Agreement; and

WHEREAS, EBSCO represents that it is qualified and desires to perform such Services;
and

WHEREAS, EBSCO is the sole source provider of the Services as indicated by the letters collectively attached hereto as Exhibit "B" and incorporated fully by reference; and

WHEREAS, the Texas Purchasing Act, § 262.024(a)(7) of the Texas Local Government Code, exempts from competitive bidding contracts items that can be obtained from only one source; and

NOW, THEREFORE, in consideration of the mutual covenants and conditions set forth below, the parties agree as follows:

AGREEMENT

1. **Scope of Services.** Subject to this Addendum, EBSCO will render Services to County as described in Exhibits A and B to this Agreement.
2. **Term.** All Services will start and expire pursuant to the dates listed in Exhibit A. This Agreement shall not automatically renew, but may be subsequently renewed in writing upon agreement of the parties.
3. **Payment; Non-appropriation; Taxes.** Payment shall be made by County within thirty (30) days of receipt of invoice. It is specifically understood and agreed that in the event no funds or insufficient funds are appropriated by Fort Bend County under this Agreement, Fort Bend County shall notify all necessary parties that this Agreement shall thereafter terminate and be null and void on the last day of the fiscal period for which appropriations were made without penalty, liability or expense to Fort Bend County. County is a body corporate and politic under the laws of the State of Texas and claims exemption from sales and use taxes. A copy

of a tax-exempt certificate will be furnished upon request. Interest resulting from late payments by County shall be governed by Chapter 2251, TEXAS GOVERNMENT CODE.

4. **Limit of Appropriation.** EBSCO clearly understands and agrees, such understanding and agreement being of the absolute essence of this Agreement, that, County shall have available the total maximum sum of One Hundred Twenty-Five Thousand, Six Hundred Eighty and 00/100 dollars (\$125,680.00), specifically allocated to fully discharge any and all fees for Services that County may incur. EBSCO does further understand and agree, said understanding and agreement also being of the absolute essence of this Agreement, that the total maximum compensation that EBSCO may become entitled to and the total maximum sum that County may become liable to pay to EBSCO for Services provided shall not under any conditions, circumstances, or interpretations thereof exceed One Hundred Twenty-Five Thousand, Six Hundred Eighty and 00/100 dollars (\$125,680.00). In no event will the amount paid by the County for all Services under this Agreement exceed this Limit of Appropriation without an amendment executed by the parties.
5. **Public Information Act.** EBSCO expressly acknowledges that County is subject to the Texas Public Information Act, TEX. GOV'T CODE ANN. §§ 552.001 *et seq.*, as amended, and notwithstanding any provision in the Agreement to the contrary, County will make any information related to the Agreement, or otherwise, available to third parties in accordance with the Texas Public Information Act. Any proprietary or confidential information marked as such provided to County by EBSCO shall not be disclosed to any third party, except as directed by the Texas Attorney General in response to a request for such under the Texas Public Information Act, which provides for notice to the owner of such marked information and the opportunity for the owner of such information to notify the Attorney General of the reasons why such information should not be disclosed. The terms and conditions of the Agreement are not proprietary or confidential information.
6. **Indemnity.** The parties agree that under the Constitution and laws of the State of Texas, County cannot enter into an agreement whereby County agrees to indemnify or hold harmless another party; therefore, all references of any kind to County defending, indemnifying, holding or saving harmless EBSCO for any reason are hereby deleted.
7. **Applicable Law; Arbitration; Attorney Fees.** The laws of the State of Texas govern all disputes arising out of or relating to this Agreement. The parties hereto acknowledge that venue is proper in Fort Bend County, Texas, for all legal actions or proceedings arising out of or relating to this Agreement and waive the right to sue or be sued elsewhere. Nothing in the Agreement shall be construed to waive the County's sovereign immunity. County does not agree to submit disputes arising out of the Agreement to binding arbitration. Therefore, any references to binding arbitration or the waiver of a right to litigate a dispute are hereby deleted. County does not agree to pay any and/or all attorney fees incurred by EBSCO in any way associated with the Agreement.
8. **Certain State Law Requirements for Contracts.** The contents of this Section are required by Texas Law and are included by County regardless of content. For purposes of Sections 2252.152, 2271.002, and 2274.002, Texas Government Code, as amended, EBSCO hereby

If employing ten (10) or more full-time employees and this Agreement has a value of \$100,000.00 or more, EBSCO does not boycott Israel and is authorized to agree in such contracts not to boycott Israel during the term of such contracts. "Boycott Israel" has the meaning provided in § 808.001 of the Texas Government Code.

9. **Modifications and Waivers.** The parties may not amend or waive this Agreement, except by a written agreement executed by both parties. No failure or delay in exercising any right or remedy or requiring the satisfaction of any condition under this Agreement, and no course of dealing between the parties, operates as a waiver or estoppel of any right, remedy, or condition. The rights and remedies of the parties set forth in this Agreement are not exclusive of, but are cumulative to, any rights or remedies now or subsequently existing at law, in equity, or by statute. No other provisions to this Agreement apply except for the terms which appear in this Addendum and the attached Exhibits.

copyright, trademark, trade secret, or any other proprietary right of any third party. EBSCO will, at its expense, defend any suit brought against County and will indemnify County against an award of damages and costs (including reasonable attorney fees, court costs and appeals), made against County by settlement or final judgment of a court that is based on a claim that the authorized use of EBSCO's Product infringes an intellectual property right of a third party. Such defense and indemnity shall survive termination or expiration of the Agreement.

13. **Performance Warranty.** EBSCO warrants to County that EBSCO has the skill and knowledge ordinarily possessed by well-informed members of its trade or profession practicing in the greater Houston metropolitan area and EBSCO will apply that skill and knowledge with care and diligence to ensure that the services provided hereunder will be performed and delivered in accordance with the highest professional standards.
14. **Conflict.** In the event there is a conflict between this Addendum and the Agreement, this Addendum controls to the extent of the conflict.

This Addendum, although drawn by one party, shall be construed fairly and reasonably and not more strictly against the drafting party than the nondrafting party.
16. **Captions.** The section captions used in this Agreement are for convenience of reference only and do not affect the interpretation or construction of this Agreement.
17. **Electronic and Digital Signatures.** The parties to this Agreement agree that any electronic and/or digital signatures of the parties included in this Agreement are intended to authenticate this writing and to have the same force and effect as the use of manual signatures.

20. **Termination.**
 - 20.1. **Termination for Default.** County may terminate the whole or any part of this Agreement for cause in the following circumstances:

(a). If EBSCO fails to timely perform services pursuant to this Agreement or any extension thereof granted by the County in writing and fails to cure the alleged breach within thirty (30) days of written notice of the alleged breach;

(b). If EBSCO materially breaches any of the covenants or terms and conditions set forth in this Agreement or fails to perform any of the other provisions of this Agreement or so fails to make progress as to endanger performance of this Agreement in accordance with its terms, and in any of these circumstances does not cure such breach or failure to County's reasonable satisfaction within a period of thirty (30) calendar days after receipt of notice from County specifying such breach or failure.

20.2. Upon termination of this Agreement, County shall compensate EBSCO in accordance with § 3, above, for those services which were provided under this Agreement prior to its termination and which have not been previously invoiced to County. EBSCO's final invoice for said services will be presented to and paid by County in the same manner set forth in § 3 above.

20.3. If County terminates this Agreement as provided in this Section, no fees of any type, other than fees due and payable at the Termination Date, shall thereafter be paid to EBSCO.

20.4. If County terminates this Agreement prior to the termination date, County shall not be subject to any early termination fee or other penalty.

21. **Independent Contractor.** In the performance of work or services hereunder, EBSCO shall be deemed an independent contractor, and any of its agents, employees, officers, or volunteers performing work required hereunder shall be deemed solely as employees of EBSCO or, where permitted, of its subcontractors. EBSCO and its agents, employees, officers, or volunteers shall not, by performing work pursuant to this Agreement, be deemed to be employees, agents, or servants of County and shall not be entitled to any of the privileges or benefits of County employment.

22. **Severability.** If any provision of this Agreement is determined to be invalid, illegal, or unenforceable, the remaining provisions remain in full force, if the essential terms and conditions of this Agreement for each party remain valid, binding, and enforceable.

23. **Notices.**

The Databases and Services made available to Authorized Users are the subject of copyright protection, and the original copyright owner (EBSCO or its licensors) retains the ownership of the Databases and Services and all portions thereof. EBSCO does not transfer any ownership, and the Licensee and Sites may not reproduce, distribute, display, modify, transfer or transmit, in any form, or by any means, any Database or Service or any portion thereof without the prior written consent of EBSCO, except as specifically authorized in this Agreement.

B. The Licensee is authorized to provide on-site access through the Sites to the Databases and Services to any Authorized User. The Licensee may not post passwords to the Databases or Services on any publicly indexed websites. The Licensee and Sites are authorized to provide remote access to the Databases and Services only to their patrons as long as security procedures are undertaken that will prevent remote access by institutions, employees at non-subscribing institutions or individuals, that are not parties to this Agreement who are not expressly and specifically granted access by EBSCO. For the avoidance of doubt, if Licensee provides remote access to individuals on a broader scale than was contemplated at the inception of this Agreement then EBSCO may hold the Licensee in breach and suspend access to the Database(s) or Services. **Remote access to the Databases or Services is permitted to patrons of subscribing institutions accessing from remote locations for personal, non-commercial use. However, remote access to the Databases or Services from non-subscribing institutions is not allowed if the purpose of the use is for commercial gain through cost reduction or avoidance for a non-subscribing institution.**

C. Licensee and Authorized Users agree to abide by the Copyright Act of 1976 as well as by any contractual restrictions, copyright restrictions, or other restrictions provided by publishers and specified in the Databases or Services. Pursuant to these terms and conditions, the Licensee and Authorized Users may download or print limited copies of citations, abstracts, full text or portions thereof, provided the information is used solely in

accordance with copyright law. Licensee and Authorized Users may not publish the information. Licensee and Authorized Users shall not use the Database or Services as a component of or the basis of any other publication prepared for sale and will neither duplicate nor alter the Databases or Services or any of the content therein in any manner, nor use same for sale or distribution. Licensee and Authorized Users may create printouts of materials retrieved through the Databases or Services online printing, offline printing, facsimile or electronic mail. All reproduction and distribution of such printouts, and all downloading and electronic storage of materials retrieved through the Databases or Services shall be for internal or personal use. Downloading all or parts of the Databases or Services in a systematic or regular manner so as to create a collection of materials comprising all or part of the Databases or Services is strictly prohibited whether or not such collection is in electronic or print form. Notwithstanding the above restrictions, this paragraph shall not restrict the use of the materials under the doctrine of "fair use" as defined under the laws of the United States. Publishers may impose their own conditions of use applicable only to their content. Such conditions of use shall be displayed on the computer screen displays associated with such content. The Licensee shall take all reasonable precautions to limit the usage of the Databases or Services to those specifically authorized by this Agreement.

D. Authorized Sites may be added or deleted from this Agreement as mutually agreed upon by EBSCO and Licensee.

E. Licensee agrees to comply with the Copyright Act of 1976, and agrees to indemnify EBSCO against any actions by Licensee that are not consistent with the Copyright Act of 1976.

F. The computer software utilized via EBSCO's Databases and Service(s) is protected by copyright law and international treaties. Unauthorized reproduction or distribution of this software, or any portion of it, is not allowed. User shall not reverse engineer, decompile, disassemble, modify, translate, make any attempt to discover the source code of the software, or create derivative works from the software.

G. The Databases are not intended to replace Licensee's existing subscriptions to content available in the Databases.

H. Licensee agrees not to include any advertising in the Databases or Services.

II. LIMITED WARRANTY AND LIMITATION OF LIABILITY

A. EBSCO and its licensors disclaim all warranties, express or implied, including, but not limited to, warranties of merchantability, noninfringement, or fitness for a particular purpose. Neither EBSCO nor its licensors assume or authorize any other person to assume for EBSCO or its licensors any other liability in connection with the licensing of the Databases or the Services under this Agreement and/or its use thereof by the Licensee and Sites or Authorized Users.

B. THE MAXIMUM LIABILITY OF EBSCO AND ITS LICENSORS, IF ANY, UNDER THIS AGREEMENT, OR ARISING OUT OF ANY CLAIM RELATED TO THE PRODUCTS, FOR DIRECT DAMAGES, WHETHER IN CONTRACT, TORT OR OTHERWISE SHALL BE LIMITED TO THE TOTAL AMOUNT OF FEES RECEIVED BY EBSCO FROM LICENSEE HEREUNDER UP TO THE TIME THE CAUSE OF ACTION GIVING RISE TO SUCH LIABILITY OCCURRED. IN NO EVENT SHALL EBSCO OR ITS LICENSORS BE LIABLE TO LICENSEE OR ANY AUTHORIZED USER FOR ANY INDIRECT, INCIDENTAL, CONSEQUENTIAL, PUNITIVE OR SPECIAL DAMAGES RELATED TO THE USE OF THE DATABASES OR SERVICES OR TO THESE TERMS AND CONDITIONS, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

C. Licensee is responsible for maintaining a valid license to the third-party resources configured to be used via the Services (if applicable). EBSCO disclaims any responsibility or liability for a Licensee accessing the third-party resources without proper authorization.

D. EBSCO is not responsible if the third-party resources accessible via the Services fail to operate properly or if the third-party resources accessible via the Services cause issues for the Licensee. While EBSCO will make best efforts to help troubleshoot problems, Licensee acknowledges that certain aspects of functionality may be dependent on third party resource providers who may need to be contacted directly for resolution.

III. PRICE AND PAYMENT

A. License fees have been agreed upon by EBSCO and the Licensee, and include all retrospective issues of the Product(s) as well as updates furnished during the term of this Agreement. The Licensee's obligations of payment shall be to EBSCO or its assignee. Payments are due upon receipt of invoice(s) and will be deemed delinquent if not received within thirty (30) days. Delinquent invoices are subject to interest charges of 12% per annum on the unpaid balance (or the maximum rate allowed by law if such rate is less than 12%). The Licensee will be liable for all costs of collection. Failure or delay in rendering payments due EBSCO under this Agreement will, at EBSCO's option, constitute material breach of this Agreement. If changes are made resulting in amendments to the listing of authorized Sites, Databases, Services and pricing identified in this Agreement, pro rata adjustments of the contracted price will be calculated by EBSCO and invoiced to the Licensee and/or Sites accordingly as of the date of any such changes. Payment will be due upon receipt of any additional pro rata invoices and will be deemed delinquent if not received within thirty (30) days of the invoice dates.

B. Taxes, if any, are not included in the agreed upon price and may be invoiced separately. Any taxes applicable to the Database(s) under this Agreement, whether or not such taxes are invoiced by EBSCO, will be the exclusive responsibility of the Licensee and/or Sites.

IV. TERMINATION

A. In the event of a breach of any of its obligations under this Agreement, Licensee shall have the right to remedy the breach within thirty (30) days upon receipt of written notice from EBSCO. Within the period of such notice, Licensee shall make every reasonable effort and document said effort to remedy such a breach and shall institute any reasonable procedures to prevent future occurrences of such breaches. If the Licensee fails to remedy such a breach within the period of thirty (30) days, EBSCO may (at its option) terminate this Agreement upon written notice to the Licensee.

B. If EBSCO becomes aware of a material breach of Licensee's obligations under this Agreement or a breach by Licensee or Authorized Users of the rights of EBSCO or its licensors or an infringement on the rights of EBSCO or its licensors, then EBSCO will notify the Licensee immediately in writing and shall have the right to temporarily suspend the Licensee's access to the Databases or Services. Licensee shall be given the opportunity to remedy the breach or infringement within thirty (30) days following receipt of written notice from EBSCO. Once the breach or infringement has been remedied or the offending activity halted, EBSCO shall reinstate access to the Databases or Services. If the Licensee does not satisfactorily remedy the offending activity within thirty (30) days, EBSCO may terminate this Agreement upon written notice to the Licensee.

C. The provisions set forth in Sections I, II and V of this Agreement shall survive the term of this Agreement and shall continue in force into perpetuity.

V. NOTICES OF CLAIMED COPYRIGHT INFRINGEMENT

C. If any term or condition of this Agreement is found by a court of competent jurisdiction or administrative agency to be invalid or unenforceable, the remaining terms and conditions thereof shall remain in full force and effect so long as a valid Agreement is in effect.

D. If the Licensee and/or Sites use purchase orders in conjunction with this Agreement, then the Licensee and/or Sites agree that the following statement is hereby automatically made part of such purchase orders: "The terms and conditions set forth in the EBSCO License Agreement are made part of this purchase order and are in lieu of all terms and conditions, express or implied, in this purchase order, including any renewals hereof."

E. This Agreement and our Privacy Policy represent the entire agreement and understanding of the parties with respect to the subject matter hereof and supersede any and all prior agreements and understandings, written and/or oral. There are no representations, warranties, promises, covenants or undertakings, except as described in this Agreement and our Privacy Policy.

F. EBSCO grants to the Licensee a non-transferable right to utilize any IP addresses provided by EBSCO to Licensee to be used with the Services. EBSCO does not transfer any ownership of the IP addresses it provides to Licensee. In the event of termination of the Licensee's license to the Services, the Licensee's right to utilize such IP addresses will cease.

G. All information that EBSCO collects when Licensee accesses, uses, or provides access to, the Databases and Services is subject to EBSCO's Privacy Policy, which is incorporated herein by reference. By accessing or using the Databases and/or Services, you consent to all actions taken by EBSCO with respect to your information in compliance with the Privacy Policy.

Schedule II

Technical and Organizational Measures Including Technical and Organizational Measures to Ensure the Security of Data

EBSCO shall maintain and use appropriate safeguards to prevent the unauthorized access to or use of Customer Personal Data and to implement administrative, physical and technical safeguards to protect Customer Personal Data. Such safeguards shall include:

1. Network and Application Security and Vulnerability Management:

- a. Measures of pseudonymization and encryption of personal data:
Personal data is encrypted at rest using the 256-bit Advanced Encryption Standard (AES-256), and in transit using Transport Layer Security (TLS) encryption. Cryptographic key management is in place as outlined in National Institute of Science and Technology (NIST) standard 800-57.
- b. Measures for ensuring ongoing confidentiality, integrity, availability and resilience of processing systems and services:
EBSCO has an ongoing commitment to certification against relevant International Organization for Standardization (ISO) standards, including ISO standards 27001, 27017, 27018 and 27701 both on-premise and at Amazon Web Services (AWS) managed data centers. EBSCO is hosted both within the Amazon Web Services platform and within legacy on premise data centers in Ipswich, MA and Boston, MA. Applications and data are distributed for purposes of high availability and resilience. Features such as automatic recovery and automatic scaling have been implemented. Applications together with their container configuration can be redeployed within minutes, if necessary.
- c. Measures for ensuring the ability to restore the availability and access to personal data in a timely manner in the event of a physical or technical incident:
All applications and data are distributed across multiple nodes and the nodes are distributed across multiple availability zones within Amazon Web Services to ensure high availability of the service. The use of a container-based architecture further helps to ensure high availability of the service. For example, applications automatically restart if they encounter issues and if a specific node fails, it is removed from service and traffic is directed to the remaining 'healthy' nodes. Where appropriate, nodes are set to automatically scale to handle unexpected spikes in traffic. Regular service management meetings review the performance and future capacity needs of the service. The infrastructure enables horizontal and vertical scaling to be implemented with significantly reduced lead times compared to a physical infrastructure. For our legacy on premise, EIS employs two concurrent data centers with failover capabilities in the event that one of the sites experiences an outage. EBSCO's on-premise data centers are protected with uninterruptable power supplies, fire suppression systems and limited access only to personnel necessary for the ongoing operation of the data centers. EBSCO continuously monitors service availability. The current status can be found here: <https://status.ebsco.com/>

- d. Processes for regularly testing, assessing, and evaluating the effectiveness of technical and organizational measures in order to ensure the security of the processing:

EBSCO contracts third party penetration testing on an annual basis. In addition, vulnerability scans are conducted through an automated code deployment pipeline. Our production environment is scanned continuously. We employ a managed 24/7 security operations team to continuously monitor our environment. EBSCO regularly applies security updates to our environment following our comprehensive vulnerability management process. These updates are done on a rolling basis using a Scaled Agile Framework for Enterprises (SAFe).

Organizational measures are reviewed twice annually, through an internal audit as well as an external audit conducted on an annual basis by accredited third party auditors. In addition, regular access reviews to sensitive data and systems are conducted on a regular basis.

EBSCO continually evaluates the security of its network and associated Services to determine whether additional or different security measures are required to respond to security risks or findings generated by periodic reviews.

- e. Measures for the protection of data during transmission:

All data is encrypted in transit using TLS, both from the users' browser to the applications as well as data in transit between EBSCO systems and subprocessors.

- f. Measures for the protection of data during storage:

Personal Data is encrypted at rest using the 256-bit Advanced Encryption Standard (AES-256). All data storage is isolated from the public internet by a dedicated firewall to ensure only EBSCO personnel can access the database.

- g. Measures for ensuring system configuration, including default configuration:

Standardized system configurations are enforced through automated code deployment pipelines where appropriate.

- h. Measures for internal IT and IT security governance and management:

EBSCO's Governance Risk and Compliance (GRC) Team maintains the EBSCO Information Security and Privacy Management system (ISPMS). The ISPMS is continuously monitored and improved to conform to or exceed the standards required by ISO 27001, ISO 27701, ISO 27017, and ISO 27108. The EBSCO ISPMS is comprised of the ISMS-Information Security Management System and PIMS-Privacy Information Management System. External and internal audits of the ISPMS are performed on an annual basis. Security logs are monitored continuously.

- i. Measures for certification/assurance of processes and products:

In addition to the measures for internal IT management and IT security governance above, regular, mandatory training is delivered through an online learning platform to ensure all staff are familiar with their responsibilities and up to date with policies and procedures. Clear processes are in place to manage security related incidents and to liaise with law enforcement if required.

- j. Measures for ensuring data minimization:

EBSCO follows best practices for minimizing data attributes to only those needed to perform

required functions and allow its customers and user patrons the ability to extend the minimum default data set if required.

k. Measures for ensuring data quality:

Institutions and end users have the ability to review and update their information through a self-service module, or through contacting EBSCO according to the Privacy Policy. Where applicable, data validation controls are implemented in our environment.

2. Logical access controls:

a. Measures for user identification and authorization:

A small number of the EBSCO Team with responsibilities for administering and supporting the system have access to the production environment and databases. This is strictly controlled by role and requires two-factor authentication to gain access.

Customer Administrator access to end user data is only possible through using an EBSCOadmin administrator account. Only personnel designated by the customer and a small number of EBSCO's privileged users have access to this information.

Customers have the ability to set up different authentication options. Options include, but are not limited to, integration through Single Sign On (SSO) using SAML 2.0, username and password, IP whitelist authentication, patron ID, Google Campus Activated Subscriber Access (CASA), Universal CASA and Cookies.

3. Secure media disposal controls:

a. Measures for ensuring limited data retention:

It is vital that personal data stored within EBSCO's systems meets the requirements for data privacy and protection and part of that is ensuring personal data is not retained beyond what is necessary for the defined purpose.

In many cases, EBSCO allows the ability for customers to anonymize end user data by pseudonymized SSO configuration or removing the option for User Patrons to personalize.

b. Measures for allowing data portability and ensuring erasure:

Upon request or through the self-service module, EBSCO customers can extract Database Usage Reports, Interface Usage Reports, Link Activity Reports, Login Usage Report and Title Usage Reports. This data can also be obtained upon request at contract termination, or at any time through EBSCOadmin.

4. Logging Controls:

a. Measures for ensuring events logging:

EBSCO allows customers to view database usage reports, interface usage reports, link activity reports, login usage reports and title usage reports through EBSCOadmin.

EBSCO employs Security Information and Event Management (SIEM) logs across our resources. These logs are monitored internally by our information security team and 24/7 managed

security operations center (SOC). No customer action is required, and customers do not have access to these internal logs.

5. Personnel Controls:

Contracts for new staff and the onboarding process emphasize individual responsibilities for information security and the potential penalties for misuse. Staff resignations trigger an automated process to ensure access rights to EBSCO's systems are revoked in a timely fashion.

The IT Acceptable Use Agreement covers the acceptable use of EBSCO's information assets. It is issued to both permanent and contract staff and forms part of the induction for new starters.

Security awareness training is delivered through EBSCO's online training platform. It is delivered at least annually and is mandatory for all employees.

6. Physical security and environmental controls:

a. Measures for ensuring physical security of locations at which personal data are processed:

EBSCO is committed to ensuring the safety of its employees, contractors and assets and takes the issue of physical security very seriously. EBSCO has a comprehensive set of physical security controls which ensure that its data centers and offices are sufficiently protected. Access to data centers is limited only to necessary personnel, and all access is logged and reviewed for abnormalities.

EBSCO also contracts with AWS for the processing of customer data. AWS provides world class security within their hosted data centers. For more information on physical security in AWS hosted environments see: <https://aws.amazon.com/compliance/data-center/controls/>.
