Ref: Request for an overhead electric line sag survey on Belknap Rd. in Fort Bend County, Texas.

Dear Mr. Odreman:

MBCO is pleased to submit this proposal for professional surveying services for the scope provided in an email on July 20, 2023, which will consist of locating overhead electric lines to show the height and sag in an area shown on shown in Exhibit "A" below.

### **CONTROL**

- MBCO will tie into existing project control.

### **OVERHEAD ELECTRIC LINE SAG SURVEY**

MBCO will perform a survey of the overhead electric lines at the CenterPoint easement crossing on Belknap Rd. and as shown on Exhibit "A".

- MBCO will locate the lowest transmission line crossing Belknap Rd. Elevations will be taken at the towers, center of road, and the center sag point.
- MBCO will survey the location of the CenterPoint Transmission towers, Natural ground at each tower, and a spot elevation at the sag location and centerline of Belknap Rd.
- Field notes will be taken noting the ambient temperature at the time of survey.
- MBCO will locate the lowest electric lines on the distribution poles and sag that cross Belknap Rd. in two locations just north of the CenterPoint easement.
- MBCO will locate the four power poles associated with the electric lines, a natural ground at each poles location, a spot elevation at the sag location and centerline of Belnap Rd.
- The survey information will be provided in a stand-alone CAD drawing that is referenced to original project control.
- The original survey will not be updated with this new information. Ther information will be referenced to original project control so it can be referenced to the original survey and design if necessary.

**DELIVERABLES:**

- Civil 3D CAD file of the collected data.
- Point File in the standard ASCII (P,N,E,Z,D) format.

**SCHEDULE:**

MBCO will complete the above-described scope of services within ten (10) business days from receiving the signed Notice to Proceed.

**COMPENSATION:**

**Belknap Road survey \$ 2,195.00**

The above-mentioned Surveying Services is a Lump Sum Fee, which will be billed at project completion or percent completion at the end of every month for the duration of the project, to be paid in full within 30 days of invoice date.

This cost proposal is valid for 30 days from the date of the proposal and may be re-evaluated after such time to account for any changes with the project scope, environmental factors and/or the general rate schedule. If this proposal is acceptable, please sign and return a copy. If you have any questions, you may reach me at [Marion.Clark@mbcoengineering.com](mailto:Marion.Clark@mbcoengineering.com).

Thank you for the opportunity and we appreciate doing business with you.

Sincerely,
