In-Person Course: NDAA's 2024 Conference on Sexual Assault: Prosecuting Sexual Assault - Across the Victim Spectrum

April 8 - 10, 2024

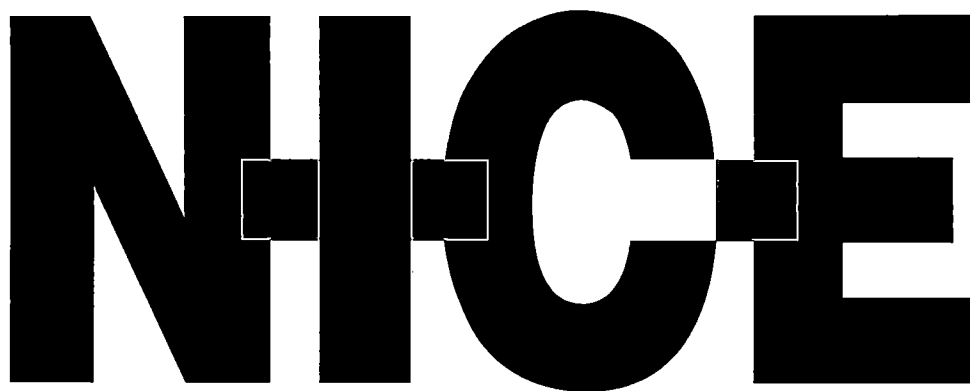

Seattle, WA

The goal of this training is to provide fundamental topics and cutting-edge information designed to assist the prosecution team in fine tuning your investigative, charging, case analysis, preparation, and litigation skills when managing these difficult cases. With backlash against victims, police, prosecutors, and the criminal justice system, seeking justice is challenging. Add the frequent lack of scientific evidence and eyewitnesses, social media attacks, and the unique aspects of child or elderly victims or those with disabilities, sexual assault cases are some of the most difficult to investigate and prosecute. Join our experienced multi-disciplinary faculty as they discuss issues essential to effective investigation, charging, case management, victim assistance, witness techniques and development, pretrial practice, litigation and sentencing in these complex cases.

Tentative Subjects Include:

- Impact of Social Media on Sexual Assault Cases
- Jury Selection Tips and Strategies
- The Investigation and Corroborating the Victim
- Handling Recanting Witnesses, Intoxicant Facilitated Assaults, Witness Intimidation, and Forfeiture by Wrongdoing
- Working with Victims - The Role of Victim-Witness Advocates Within Your Case
- Confronting Victim Bashing
- Understanding & Utilizing Trauma Informed Interviewing
- Compromised Victims - Victims with Disabilities
- Juvenile Victims and Helpful Tactics
- Elder Victims & Stereotypes
- Sexual Assaults of Elders
- Ethical & Professional Decisions in Sexual Assault Cases
- Managing a Case and the Use of Experts
- Aggressive Motions Practice
- The Visual Trial & Visual Evidence

NICE Public Safety & Justice (<https://www.nicepublicsafety.com>)

With over 3,000 criminal justice customers and 35+ years of experience, NICE helps all types of public safety and criminal justice agencies, from emergency communications and law enforcement to prosecutors and courts, digitally transform how they manage digital evidence and data from beginning to end, to get to the truth faster. Powered by Artificial Intelligence (AI), NICE's Evidencentral platform features an ecosystem of integrated technologies that bring data together to give a single view of the truth, enabling public safety and justice agencies to do what they do better - whether it's investigating and building cases, or prosecuting crimes. With comprehensive digital transformation solutions that can be deployed across entire counties and states, NICE also helps everyone work better together, so justice flows more smoothly, from incident to court.
