**Re: Public Road Connection for Andado Lane at IH 69/ US 59 on behalf of
Williams Ranch MUD 1 – Sponsorship**

Honorable Judge George:

Fort Bend County Engineering Department has received and reviewed a request (letter attached) from Langan Engineering on behalf of Williams Ranch MUD 1, for Fort Bend County to sponsor a project for a public road connection for Andado Lane at IH 69/US 59. The road connection will provide access to Williams Ranch Multifamily Residential Development.

Any and all cost involved with the project will be borne by the developer of the multi family project. There will be no cost to Fort Bend County.

The Texas Department of Transportation requests that an agency, such as Fort Bend County, act as a sponsor for the project. This means that the permit for the work will be issued in the name of Fort Bend County and the County accepts responsibility for the terms and conditions of the permit.

We recommend acceptance of the sponsorship and request that this item be placed on the 02/27/2024 Commissioners Court agenda. We have prepared a letter to Texas Department of Transportation for the County Judges' signature.

If there are any questions please do not hesitate to call.

Sincerely,

Maggie Dalton
Development Services Manager

**RE: Williams Ranch MUD 1
Request for Sponsorship Letter
Proposed Street Tie-In at US 59 Frontage Road for Williams Ranch
Multifamily Residential Development
Fort Bend County, Texas**

Dear Honorable Judge KP George:

We respectfully request that Fort Bend County consider sponsoring the project referenced above. The Texas Department of Transportation ("TxDOT") will only consider a permit for the street tie-in of Andado Lane at US 59 Frontage Road if you agree to sponsor the work on behalf of Williams Ranch MUD 1. Andado Lane is identified on the master thorough fare plan and this project will connect existing Andado Lane from the Williams Ranch development to US 59 Frontage Road.

We are proposing the street connection permit application to submit to TxDOT for the proposed Andado Lane street Tie-in to US 59 Frontage Road. The developer of the multi family project to the east of Andado Lane will fund the cost of the construction. There will be no expense to Fort Bend County. The attached DRAFT drawing was prepared in accordance with TxDOT's street tie-in permit requirements and will ultimately be advanced to a level of detail for submission to Fort Bend County and City of Richmond for approval as well as part of TxDOT Driveway permit application.

Please contact me if you need further information or have any questions.

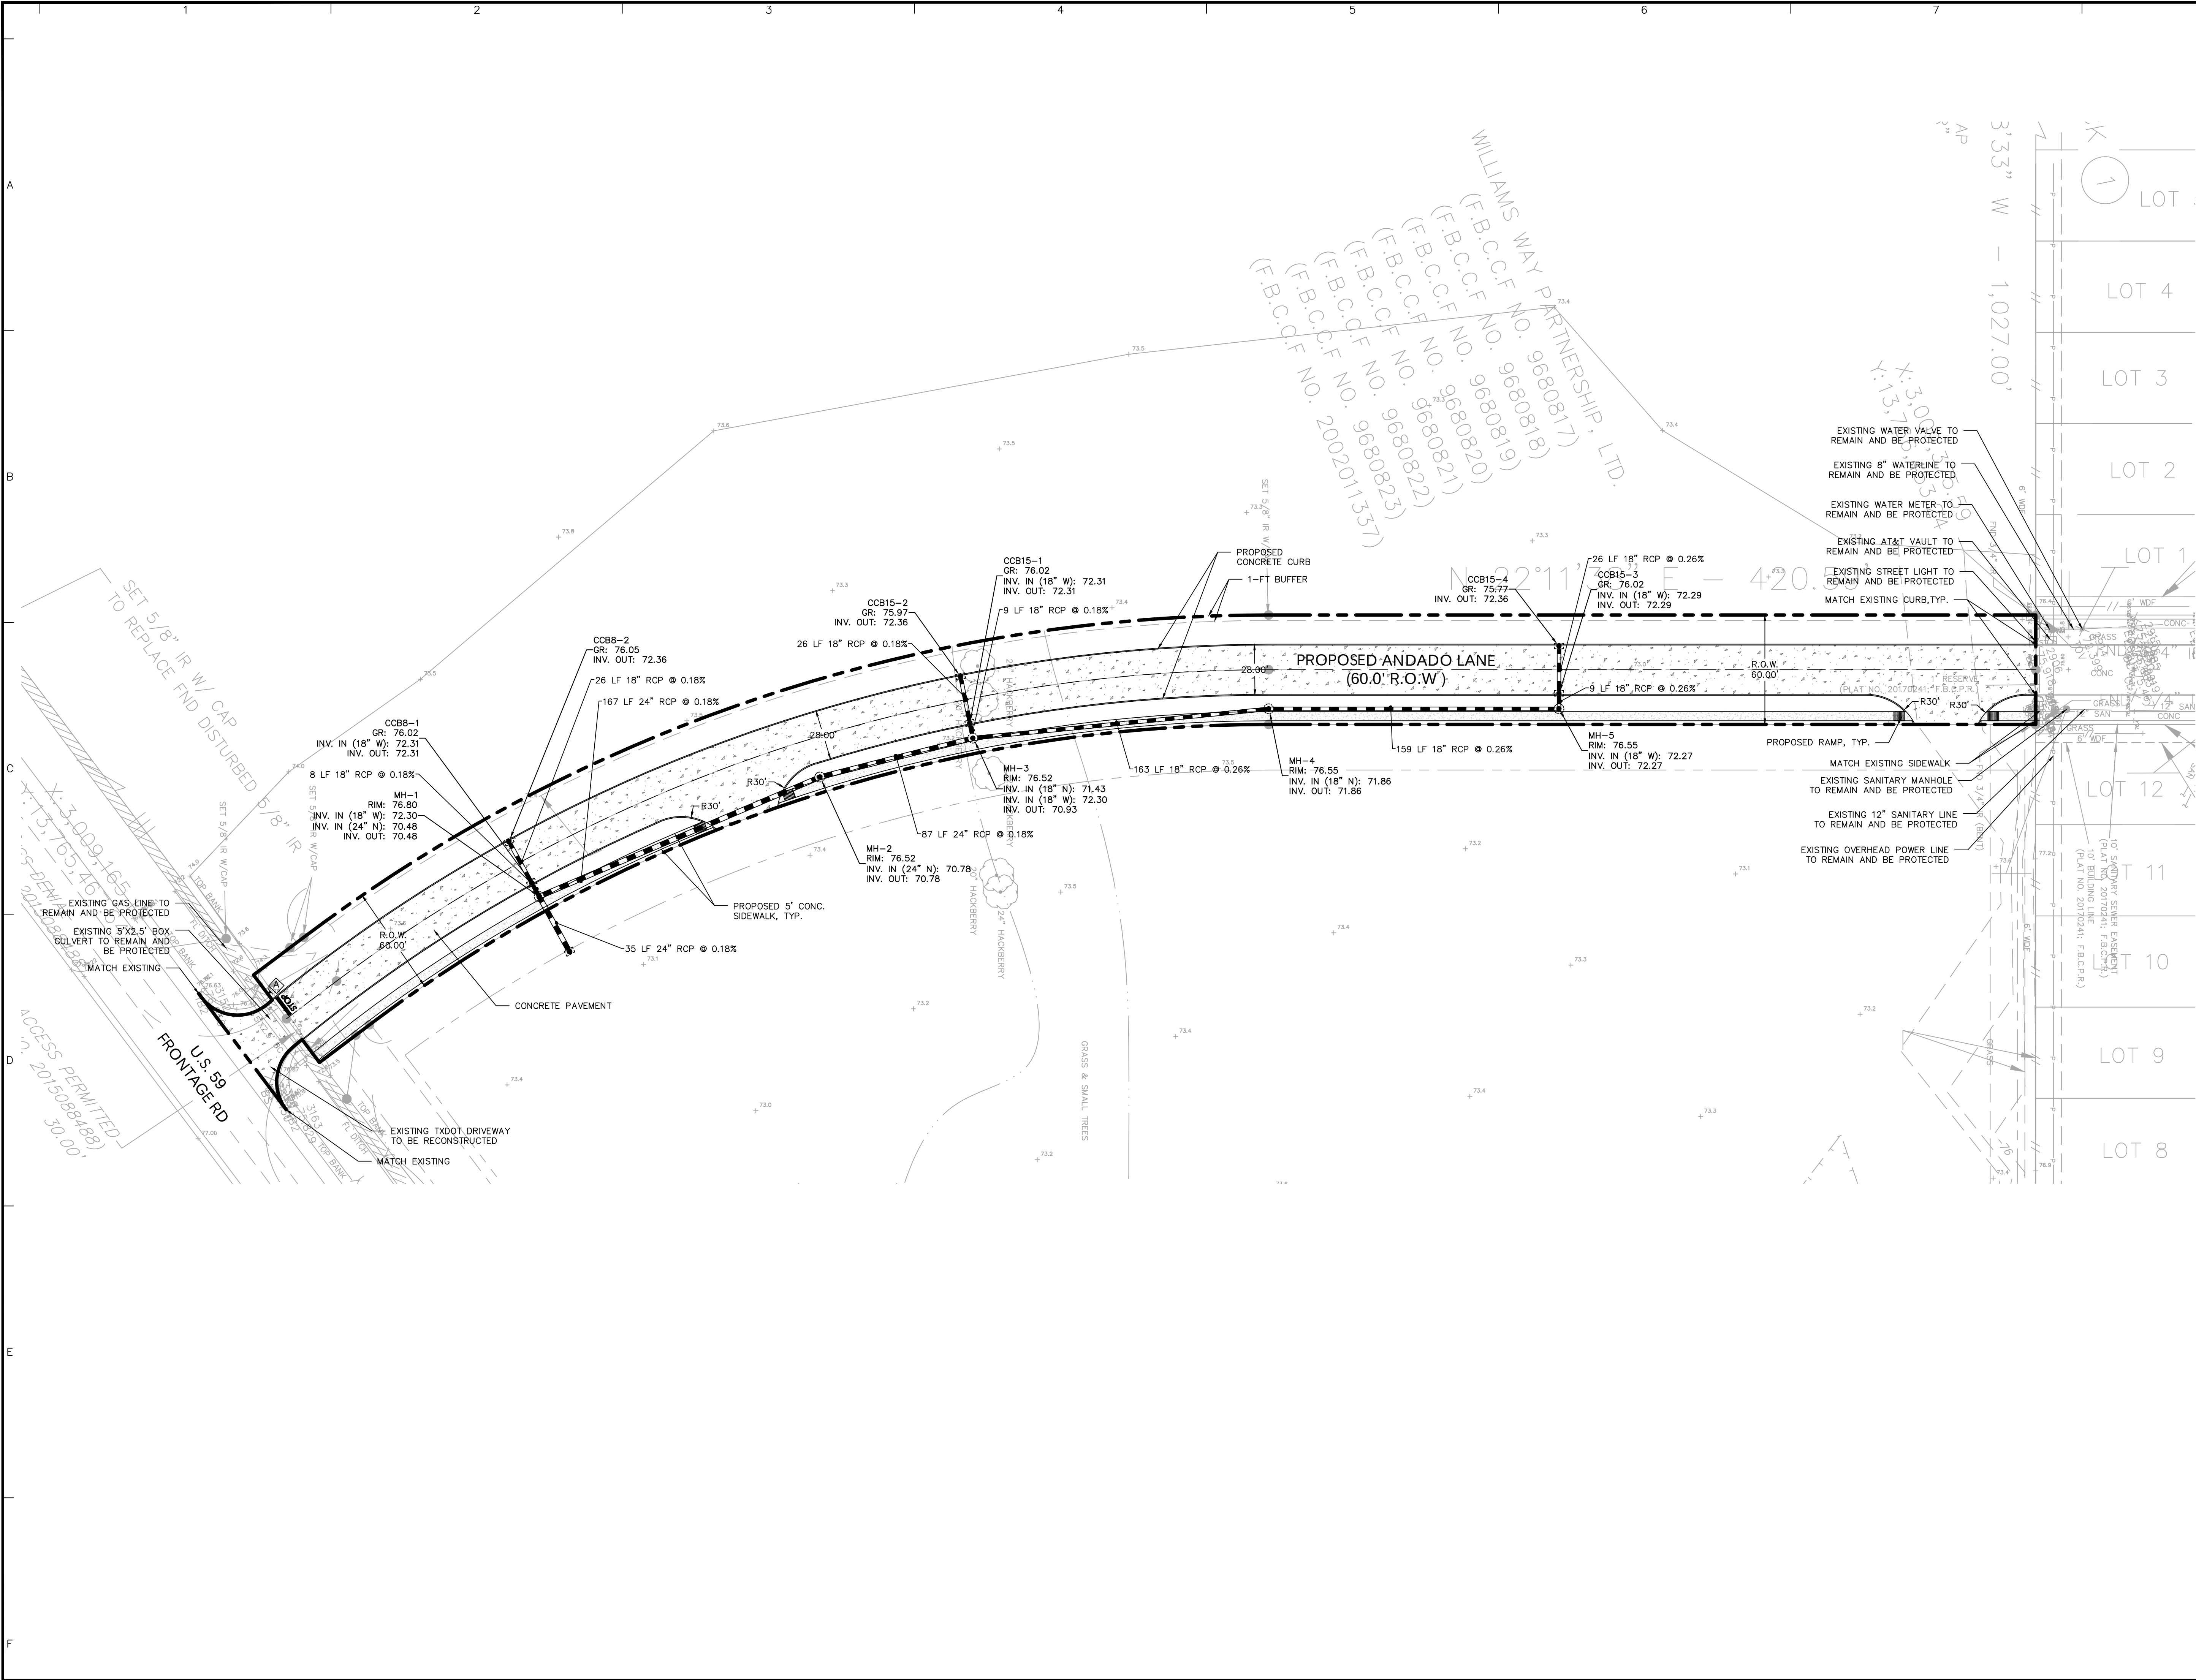

Sincerely,

Langan Engineering and Environmental Services, LLC.
