In no event shall said termination of this Agreement or County's failure to appropriate said funds be deemed a breach or default of this Agreement or create a debt by County in any amount(s) in excess of those previously funded.
7. **Taxes.** County is a body corporate and politic under the laws of the state of Texas and as such, is exempt from sales and use taxes. County shall furnish evidence of its tax-exempt status upon written request by Contractor.

RE: Scope of Services and Fee Proposal – First Floor Court Buildout
Fort Bend County Justice Center, Richmond, Texas

Dear Mr. Knight:

The office of PGAL is pleased to present this scope of work and fee proposal for the design and documentation for the construction of three new courtrooms on the first floor of the existing Fort Bend County Justice Center. PGAL will utilize the knowledge and experience gained working on the original justice center building, the administration building addition and two other courtroom buildout projects in order to complete this assignment. These services will be provided by our PGAL team and our consultants as follows:

Architecture/Project Management	PGAL
MEP Consultant	DBR
Security Consultant	DBR
Telecommunications Consultant	DBR
Audio Visual Consultant	DBR

PROJECT UNDERSTANDING

As part of the original design of the Fort Bend County Justice Center, PGAL incorporated a strategy for future growth as new courts and courtrooms became necessary. The original building accommodated all needed courts at the time, with two shelled out courtrooms that could be built when needed. At the point when those courtrooms were needed, the County needed to begin to think about an expansion of the building envelope. The addition of the administration building in 2018 allowed the county and district clerks and district attorney to move out of the original justice center building and into the administration building. The spaces that they were in originally would then be infilled with courtrooms. We have gone through a couple of phases of courtroom buildouts, and it has now become necessary to build out the final (3) courtrooms in this facility.

All three of the courtrooms that are part of this assignment will be located on the first floor of the original justice center. They will all be typical courtroom size, and can

accommodate either County Courts at Law or District Courts. The intent is that they are of the same size and configuration as the other typical courtrooms within the facility.

Toward the end of 2018, PGAL provided design and documentation to provide (1) additional courtroom and shell out another. One of the courtrooms that will be added as part of this project will be in that shelled out space at the northeast corner of the first floor. That courtroom and associated office and jury deliberation areas comprise about 4,520 sq. ft. of space.

The remaining (2) courtrooms that are part of this project will be built in space formerly occupied by the district clerk in the southwest corner of the first floor. These two courtrooms comprise about 12,233 sq. ft. of space.

The below diagram shows approximately the area of the building that will be affected.

SCOPE OF WORK

In this phase of the work PGAL and the A/E team will complete the construction documents for bidding/pricing and provide construction administration services through the completion of the project. Our consultants for the project will provide mechanical electrical and plumbing engineering, telecommunications systems design, A/V consulting and security consulting services.
