Annual Educational Conference & Exhibition

Our 2024 Annual Educational Conference & Exhibition (AEC) taking place on July 15-18 in Pittsburgh, PA and virtually promises to be one of our best conferences yet!

Our theme this year is **New Horizons: Building Bridges to Shape the Environmental Health Future**, focusing on responding to the needs of the profession with new topics like heat waves in the U.S., data modernization, burn-out, and artificial intelligence for environmental health, along with our traditional topics such as food safety and water quality.

- **250+ In-Person Educational Sessions**

  - Immerse yourself in over 250 educational sessions, covering a broad spectrum of topics from air quality to vector control and everything in between. Stay at the forefront of environmental health advancements and gain insights that will shape your professional journey.

- **One-Stop Continuing Education Hub**

  - Fulfill all of your continuing education requirements in one place. We provide an easy-to-use continuing education platform to track the credits you earn as you go.

- **Expanded Network Opportunities**

  - Connect with like-minded professionals and experts in the field during session breaks or our dedicated social events. The conference is the perfect backdrop for building personal and professional relationships that last a lifetime.

- **Flexible Learning Options**

  - Engage in learning through in-person sessions or the convenience of virtual learning from home or work.

- **Explore Pittsburgh's Transformation**

- Pittsburgh, once synonymous with steel, has emerged as a leader in walkability and sustainability. Discover firsthand how this vibrant city is contributing to a more sustainable future.

Seize this opportunity to learn, network, and contribute to the environmental health community. Attending will not only enrich your knowledge but also contribute to the collective effort in creating an empowered and skilled workforce.

We look forward to welcoming you to Pittsburgh and making this conference a milestone in your professional journey.

Pittsburgh, PA 2024

Preconference Offerings

We offer courses and workshops before the AEC, find one that fits your needs.
