

Summary of Items Donated to the Fort Bend County Sheriff's Office by the Houston Police Department.

Received from the Houston Police Department as decommissioned technology items related to Communications, of which the manufacturer is Motorola:

72 – Radio Body Microphones

68 – Charging Docks (single)

63 – Charging Cables (for docks)

10 – Small Radio Batteries

52 – Large Radio Batteries

These items are compatible with all Fort Bend County Sheriff's Office Motorola portable radios and do not require any hardware or software. The items attach to existing radios to facilitate emergency communications involving field operations personnel, and assist with charging batteries, or replacing batteries when charging is needed.

These items require no match and will be added to the Sheriff's Office inventory.
