If coverage expires during the term of this Contract, Contractor must produce renewal certificates for each type of coverage.

These and all other insurance requirements under the Contract apply to both Contractor and its Subcontractors, if any.

Under Section 231.006, Family Code, the vendor or applicant certifies that the individual or business entity named in this contract, bid, or application is not ineligible to receive the specified grant, loan, or payment and acknowledges that this contract may be terminated and payment may be withheld if this certification is inaccurate.

(h) Disputes and Resolutions

The parties shall attempt in good faith to resolve promptly any dispute arising out of or relating to the Agreement by negotiation between the parties. Generally, organizations or entities which receive federal funds by way of grants, contracts, or cooperative agreements do not lose their rights as organizations to use their own, private, non-federal resources for "political" activities because of or as a consequence of receiving such federal funds. These recipient organizations must thus use private or other non-federal money, receipts, contributions, or dues for their political activities, and may not charge off to or be reimbursed from federal contracts or grants for the costs of such activities.

**PUBLIC HEALTH VOLUNTEER
COORDINATION CONTRACT
FYE 2024**

**Public Health Volunteer Coordination Contract
For
Fort Bend County Health and Human Services
2024**

This Contract is executed by and between **FORT BEND COUNTY, TEXAS**, hereinafter referred to as "County," acting by and through its Commissioners' Court and **HOMELAND PREPAREDNESS PROJECT**, hereinafter referred to as "HPP", authorized to conduct business in the State of Texas.

Term:

This contract will commence upon execution of all parties to this Contract and shall terminate on December 31, 2024. This Contract is subject to termination by any party, without cause, by providing thirty (30) days written notice. This contract may be renewed annually by mutual agreement of the parties in writing.

This Contract is subject to the terms described herein.

Background:

Ft. Bend County Health and Human Services is required by the State of Texas to be prepared to provide preventive medication to the entire population of the county in a 48-hour period in the case of a public health emergency. The Health and Human Services Public Health Emergency Preparedness and Response Team (PHEPRT) has developed a plan to accomplish this task that requires approximately 4000 volunteers.

Volunteers are essential to achieve a successful outcome, however, recruiting of volunteers is very time consuming and labor intensive.

The volunteers have also been used for a variety of other activities including staffing alternative treatment centers, offsite triage, shelters or other types of activity for which they are trained.

The Houston Area Urban Area Security Initiative Community Preparedness Working Group has recognized the need for the enhancement of Medical Reserve Corps programs in our region and has provided funding to that end.

Since the beginning of the program, HPP has developed a Corp of 8308 active Medical Reserve Corps Volunteers. After consultation with the PHEPRT, we believe with this base of volunteers the focus of our efforts should now be improving the capability of these volunteers so that they can perform in leadership roles during a public health emergency. To that end, we will provide more in-depth training to the volunteers while continuing to recruit new members in a more limited fashion.

Operational Requirements:

When deployed, the Public Health Volunteers will report to a predetermined site and be assigned to various tasks required for the operation of one of the Points Of Dispensing or other tasks. Most of these tasks require no medical background and very limited training. Homeland Preparedness Project will not be responsible for any medical training. Homeland Preparedness Project will promote the use of the ESARVHP program for credentialing purposes and encourage current and future licensed medical volunteers to register in the system. When deployed, all volunteers will be under the direction and control of the PHEPRT.
