How We Will Serve You

We propose a two-step process:

1. **Design** – In this Design (Schematic Design, Design Development and Construction Documents) Phase, we finalize the design, address building code requirements, specify the materials and systems for the building and produce the contract documents used to apply for a building permit. Our structural, mechanical, electrical, plumbing, and civil engineers will design and detail site infrastructure, building foundation and framing, HVAC, power, and lighting systems. Our interior designers will help you select finishes, light fixtures, door hardware, etc.

The contract documents will include the additional details, schedules, and specifications necessary to ensure that the building is constructed in a manner consistent with your intent. These are the documents that will be certified by licensed design staff and submitted to Fort Bend County and/or authority having jurisdiction (AHJ) for a building permit.

We will not proceed with the Bid & Delivery Phases of the project without written approval by Fort Bend County.

2. **Bid & Delivery** – This is the Procurement (Bidding) and construction (Construction Administration) phase of the project. In the Bid phase, we will assist Fort Bend County in issuing the drawings to potential bidders (contractors) for construction cost (bids). The project will be advertised for Competitive Sealed Proposals. Once you have approved the general contractor (awarded bid) and we obtain the site and building permits, construction commences.

Once construction begins, our services include, but are not limited to:

- Visits to the site regularly to observe progress and conformity to contract documents.
- Respond to requests for information.
- Review of applications for payment by the contractor.

- Review of submittals including samples and product information.
- Processing change proposals and change orders, if necessary.
- Conducting a final walk-through, or “punch list,” before substantial completion.
- Eleven months after completion of the project, identify any outstanding warranty items for the contractor to address.

Proposed Fee

1. **Design** – The fee for the Design phases of services will be as follows:

- Design Phase - \$415,250

Total fee for Design Phase Services of four hundred fifteen thousand, two-hundred and fifty dollars, plus a not to exceed amount of one thousand five hundred dollars (\$1,500.00) for reimbursable expenses (printing, deliveries, travel). Reimbursable expenses will be billed at direct cost (no mark-up).

Per Fort Bend Country, the A/E fees for Bidding and Delivery Phase Services for the project will be negotiated after October 1st (the funding cycle) and added to the agreement at that time with an Added Services Amendment.

We appreciate this opportunity and the time you have afforded to prepare this proposal. Please let us know of any questions or if we can modify this proposal to serve you better.

Sincerely,

Jack Duran, AIA
Vice President
