**RE:** Reading Road, Fort Bend County, Mobility Bond Project No. 13102, Precinct 1, FM762 to Royal Crest Lane, Supplemental Proposed Scope, and Budget Change Amendment 5

R.R.P. Consulting Engineers, L.L.C. (RRP) is pleased to submit this proposal for revisions to the scope and budget for the above contract with Fort Bend County (FBC).

### Scope of Work

The Geotechnical team is prepared to perform soil exploration activities for the project limits. There are two areas that are heavily wooded and require extensive clearing to access. See Figures 1 and 2 below. Fort Bend County will be performing the clearing operations and has requested the survey crew to line cut and stake the existing ROW lines in these areas.

The tasks for this supplemental are as follows:

- 1. Line cutting and staking for Reading Road through the wooded areas. This would be for setting laths every 100' through the woods on the north and south ROW, including PC's and PT's.
- 2. A second trip to stake the entire ROW limits after the two wooded areas have been cleared.
- 3. A third trip to stake the entire ROW limits if needed and possibly take place in 2025.
