Re: Amendment #2 - Request for Minor Amendment to Regional Mitigation Contract

Dear Ty Price,

Fort Bend County respectfully requests a minor amendment to its Regional Mitigation Contract **GLO #24-065-051-E543** with the Texas General Land Office (GLO). This amendment will incorporate additional local funds dedicated to environmental services required on two projects currently underway.

Specifically, the County proposes to add \$40,832.00 in local funds to the contract as follows:

- **LID 10 Erosion Repair Project:** \$26,757.00
- **Evacuation Route US 59/IH 69 Project:** \$14,075.00

These additional funds will be utilized to cover expanded environmental services necessary for compliance, including but not limited to:

- Threatened and Endangered Species Studies
- Cultural Resources Report
- Phase I Environmental Site Assessment (ESA)
- Limited Site Investigation (LSI)

It is important to note that this amendment does not affect the original grant funds, project beneficiaries, the national objective, or the contract timeline. The only change is the addition of local funds to support required environmental activities.

We respectfully request GLO's review and approval of this amendment. An updated resolution showing the commitment of additional funds, will be provided in the attachments. Please let us know if any additional documentation or information is required to process this request.

Thank you for your continued partnership and support of Fort Bend County's mitigation efforts.

Sincerely,

Judge KP George
Fort Bend County Judge
Fort Bend County, TX
