RE: Meadow Ranch Parkway at Berkeley Knoll Circle – All-Way Stop Control

Dear Commissioner:

The Fort Bend County Engineering Department has completed a review of the operational conditions at the intersection of Meadow Ranch Parkway at Berkeley Knoll Circle in response to a request for all-way stop control. The intersection currently operates with stop control on Berkeley Knoll. Meadow Ranch has a posted speed of 35 mph and is identified as a Collector in the 2015 Fort Bend County Major Thoroughfare Plan. Berkeley Knoll has a posted speed of 35 mph and is identified as a Local Street.

In the last 12 months, there have been six crashes at this intersection that would be susceptible to correction by an all-way stop. As this satisfies the crash criteria of the all-way stop warrant in the Texas Manual on Uniform Traffic Control Devices, an all-way stop is warranted and Engineering recommends the conversion of the intersection to all-way stop control.

A copy of the traffic control plan is attached for your review. The public hearing date for acceptance for the plan will be scheduled on the next available Commissioner's Court Agenda.

If you have any questions please do not hesitate to contact me at 281-633-7528 or chris.debaillon@fortbendcountytexas.gov.

Regards,
