FROM THE DIRECTORS

Dear Friends,

Thank you to everyone who joined us for the 50th annual conference and for making our first year at the University of New England a great success. "The Maine Course" continues to thrive as a unique and supportive community of dedicated professionals.

Looking ahead to 2025, we're excited to return to UNE for our 51st annual conference. Planning is already underway, and we look forward to sharing updates on our faculty lineup and the agenda later this year. Please mark your calendars for July 20 – 24, 2025. We look forward to seeing you all there!

Jennie V. Duval, MD, and Thomas P. Gilson, MD

WHAT OUR ATTENDEES SAY

By far the best, most comprehensive conference I've ever attended.

”

An excellent comprehensive review of practical and common topics & issues in forensic pathology practice.

”

Great variety of cases. All of the presenters were exceptional.
