Re: Twinwood Parkway PH 1A, Segment E Repairs
Twinwood Parkway Proposed Road Closure
To Serve Fort Bend County Municipal Utility District No. 213
Waller County, Texas
LJA Job No. 7777-1040 (9.2)

Dear Commissioner Morales:

LJA is requesting permission to close Twinwood Parkway between the intersections at Hunt Road and FM 359. Waller County Road and Bridge is requiring the pavement repairs and has issued no objection to this closure as has the Fort Bend County Engineer's office. The proposed closure will not cut off access to any of the existing neighborhoods along this roadway. Detour signage will be placed as per the attached detour plan.

We are anticipating to begin repairs on this roadway the week of April 28th. These signs will be installed prior to commencing the repairs and will stay up until the roadway repairs are completed. We are requesting that the road closure start around April 28th and anticipate the roadway will remain closed for two months or until the repairs are complete.

Should you have any questions or need any additional information concerning these plans, please call me at 713.380.4464.

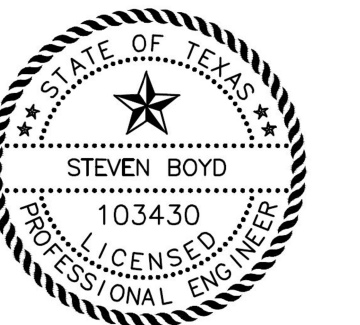

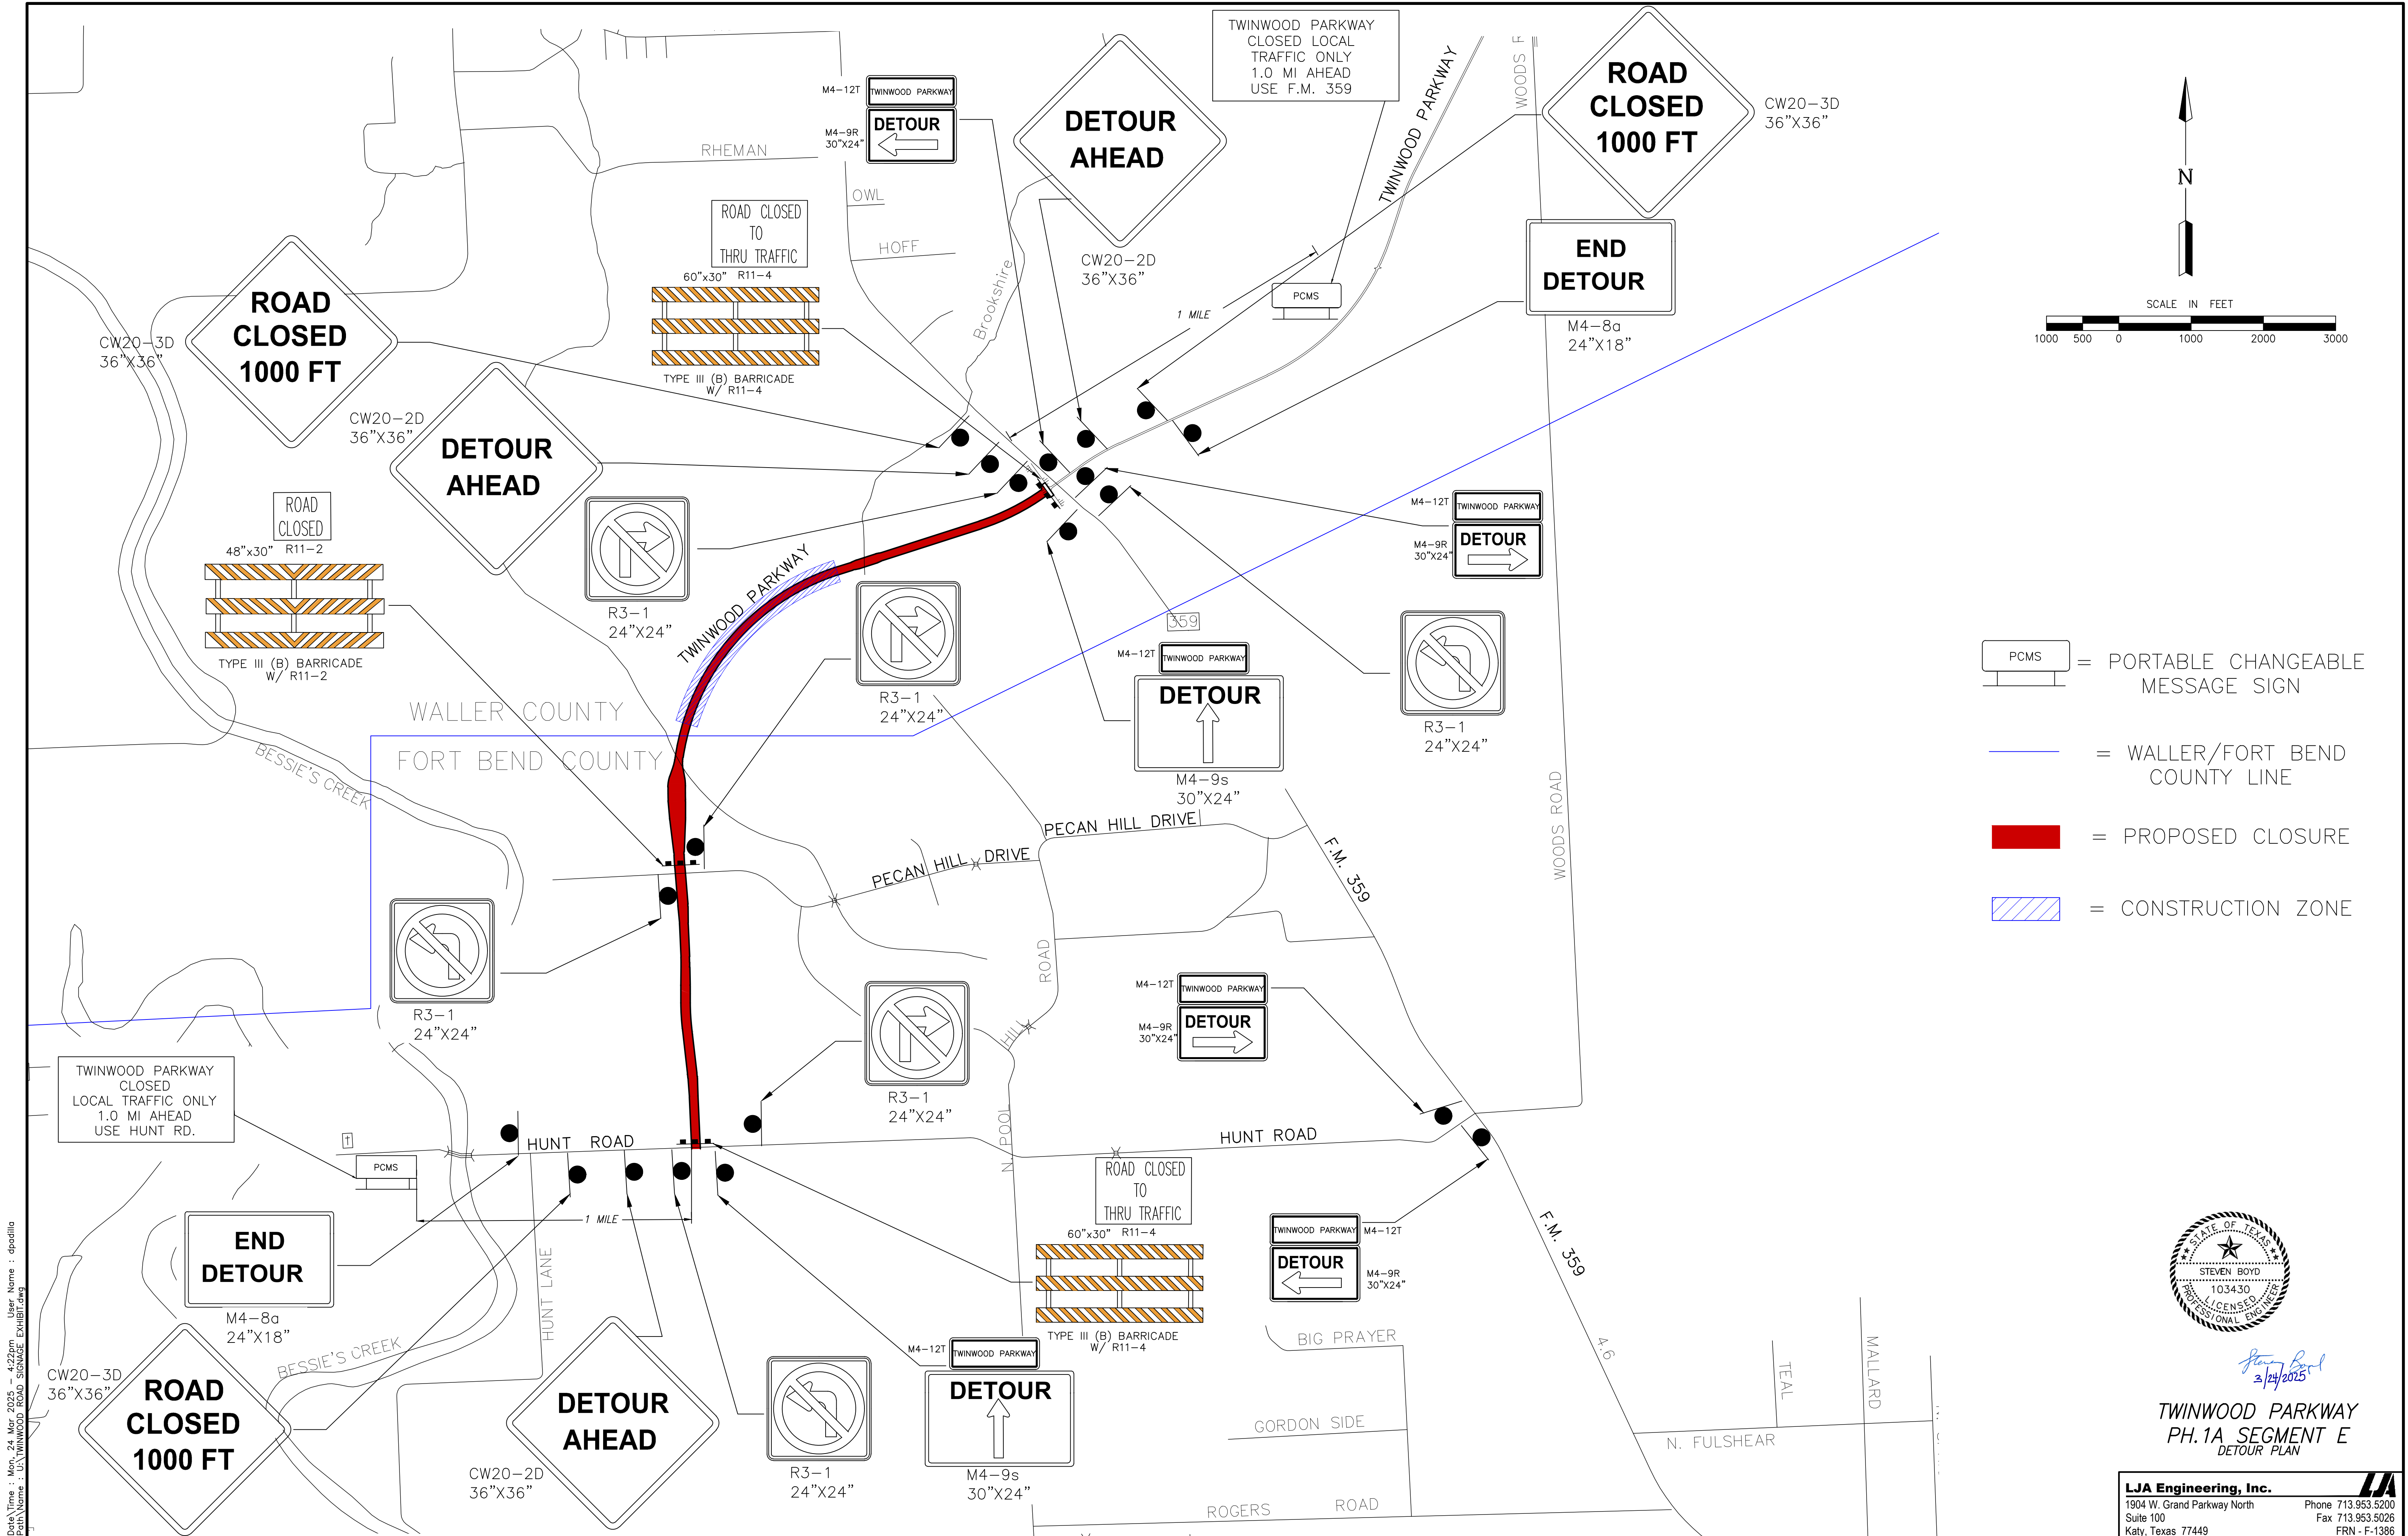

Sincerely,

Steven Boyd, PE
Senior Project Manager
