Kevin –

Let's try this one. I'm wondering if it won't allow you to accept links?

Best,

Megan

Morning Kevin –

We sent out notifications regarding the grant a little over a week ago, I was actually going to reach out today. Please see the below and let me know if you have any questions.

Best,
Megan

Subject: AMCA Project Proposal Response

Dear Kevin Pritts:

Thank you for submitting a full proposal in response to AMCA's request for projects supporting evaluation efforts under our CDC-funded grant, "Enhancing Mosquito Surveillance and Control to Address Emerging Pathogens." Proposals were reviewed by a panel of experts from vector control districts, public health agencies, industry, and academia based on the criteria outlined in the RFP.

Congratulations! AMCA has selected your project, "Improving strategies for controlling *Culicoides* spp. with available ready to use adulticides," for funding in the amount of \$105,579.

To move forward, please complete the [Memorandum of Understanding \(MOU\)](#) and return it to mmacnee@mosquito.org as soon as possible and no later than April 30, 2025 (funding will be issued once received). The MOU outlines the project expectations, reporting requirements, and payment process.

In addition, AMCA's Technical Advisor, Dan Markowski (amca.ta@mosquito.org), will be reaching out next week with additional details on project expectations and reporting requirements.

We are excited to partner with you on this important work to strengthen surveillance and response to emerging mosquito-borne pathogens. If you have any questions, please don't hesitate to reach out.

Sincerely,
Megan
