Redefining Library Leadership: Measuring and Amplifying Social Impact

June 1-3, 2025 | Toronto, ON

This spring don't miss the Third Annual **CEO Roundtable**, a transformative event exclusively for ULC Directors and CEOs. Join us in Toronto, Ontario, Canada for an immersive experience designed to elevate your leadership, expand your network, and redefine how libraries drive social impact in their communities.

This year's Roundtable explores how libraries can understand, measure and amplify their social impact. Learn from other library leaders how their organizations are positively impacting social cohesion and combating the negative effects of social isolation and polarization and gain **actionable leadership strategies and tactics** to deepen community engagement and strengthen advocacy efforts.

The Roundtable includes a spotlight on the **groundbreaking social impact study from Toronto Public Library (TPL): Enabling Torontonians to Grow and Thrive**—a North American first. This pioneering study goes beyond traditional statistics to reveal how libraries profoundly enrich lives, foster resilience, and build social cohesion. Through an interactive session you'll gain **exclusive insights** into TPL's innovative, evidence-based approach to measuring community impact, developed in partnership with global leaders; and **practical tools and strategies** to measure, communicate, and amplify the value of your library's contributions.

At the Roundtable, you'll gain:
