Amendment 1**

I am writing to formally request an amendment for additional funds in the amount of \$250,000 to support the continued progress of the Safety Sidewalk Program for Precinct 2. The amendment is necessary to ensure adequate funding for critical services related to construction inspection, document control, administrative support, and engineering services. The requested funds will be allocated as follows:

The project is currently in the bidding phase. AKV is requesting \$35,505.22 to cover the expected total amount for construction inspection, document control, and administrative support to ensure the successful execution of this phase.

Task No. 2: Kitty Hollow Park Bicycle Trail (23216-1)

This project is presently in the design phase and has been funded up to 70% design completion. AKV requests \$103,759.90 to finalize the design phase and to cover the costs associated with bidding and contract selection, construction inspection, document control, and administrative support.

Task No. 3: Future Sidewalk Safety Project (23216-2)

AKV will provide engineering services for a third project, which will be defined per the Office of Commissioner Grady Prestage. The requested funds will ensure adequate resources are available for the planning and implementation of this initiative.
