Section 3 Compliance Targeted Section 3 And Section 3 Worker Tracking Form

Section 3 established benchmark goals for:

- (a) 25% of total labor hours worked by Section 3 workers, and
- (b) 5% of total labor hours worked by Targeted Section 3 workers.

Grantees must use the Section 3 Compliance Form to track the labor hours of the workers across all contracts and subcontracts involved in the Section 3 project. This spreadsheet will keep a running total of the labor hours, Section 3 hours, and the Targeted Section 3 hours worked. The Section 3 benchmark percentages are automatically calculated and adjusted when labor hours are added, to allow the Grantee to always know where it stands with benchmark compliance.

The Workbook must be completed in its entirety for each contractor and subcontractor. The Prime shall submit all worksheets to the grant administrator weekly. The grant administrator is responsible for maintaining an accumulative workbook for the entire project to be submitted to DCEO at the end of the project.

Monitoring will be conducted to verify the grant records to document how Section 3 requirements are being met, that the appropriate documentation, forms, and certifications are maintained in the file, and to check the status of meeting the benchmarks.

If the benchmarks are not met, reporting is still required. See Safe Harbor Compliance Form.
