

HealthPlan FREEDOM

PRE-TRIIP (Pre-trial Inmate Insurance Program)

No-cost Health Insurance for Pre-trial Inmates

By partnering with HealthPlan Freedom (HPF) and implementing PRE-TRIIP, correctional facilities provide a community service by making their pre-trial inmates and or soon to be released inmates aware of the opportunity to enroll in no cost traditional health insurance plans. This can lead to significant savings on external medical care expenses for the correctional facilities. HPF's proprietary technology platform and flexible service model delivers a very positive and stress-free client experience.

Ask us about our results!

How does the Correctional Facility benefit?

- PRE-TRIIP can save substantial budget dollars by significantly reducing the external healthcare spend (Healthcare provided outside the correctional facility)
- Our PRE-TRIIP service does not cost the Correctional Facility, Sheriff's Office, or County anything
- Our PRE-TRIIP service provides access to a broad provider network
- Our PRE-TRIIP service reduces recidivism for those inmates that rely on incarceration to access healthcare

What are the typical insurance coverage characteristics?

1. Based on our experience, the majority of inmates will qualify for subsidized premium rates and/or subsidized benefits
2. The benefit plans will vary by county, state and carrier
3. In some cases, the benefit plans offered include dental and vision coverage as well
4. Carriers that participate are brand name insurance companies such as Ambetter, BCBS, CIGNA, UHC, Aetna, etc.
5. Plans include coverage for inpatient, outpatient, emergency room, mental health, substance abuse, rehabilitative therapy services and prescription drugs among other services
6. All plans are effective at the first of the month following enrollment
