Get ready to join us in Daytona Beach for an exciting inaugural event that unites third service EMS delivery models for an unforgettable experience of collaboration, education, and best practices! Whether your agency is large or small, this event is your chance to connect with the best in EMS, forge a powerful network, and strategize for a brighter future! Unlike typical EMS conferences, our summit is specially designed for administrative and supervisory staff. The newly opened hotel and conference facility offers a perfect oasis to chart the course and elevate EMS in a cozy, intimate setting. Prepare for an exhilarating three-day event, with many pivotal discussions happening on the third day. Participation is by invitation only for select agencies and vendors, ensuring a focus on quality over quantity. You'll experience engaging presentations on best practices in partnership with vendors, providing a unique opportunity for departments to engage with vendors and explore the possibility of developing similar programs based on the presentations.
