**Your ECM Task Force is invited to send TWO law enforcement officers to Project Roadmap's 2025 Law Enforcement Summit!**

The role of law enforcement is essential in any high functioning ECM Task Force. As part of Project Roadmap's ongoing TTA support for the ECM task forces and their component disciplines, we are inviting **ECM sworn law enforcement officers** to an OJP sponsored three-day knowledge, capacity, and skill-building summit.

Days 1 & 2 of this summit will provide opportunities to:

- Engage in **peer-to-peer learning**, sharing experiences on trauma informed investigation strategies, insights for collaborating with partners, and tips for implementing victim centered best practices.
- Build **key skills** to assist in identifying victims and investigating traffickers.
- Dig in, discuss and strategize around the **nuances and challenges you encounter in trafficking investigations** and working with victims and survivors.

Day 3: Learn more about and develop strategies for responding to **large-scale events** such as the World Cup and the Super Bowl within law enforcement frameworks.

The summit will strengthen the impact of ECM Task Forces and equip law enforcement with the latest tools and insights to enhance their work.
