- **Demo:** Unless otherwise stated in this scope of work, demo of existing equipment and cabling is at the responsibility of the customer.
- **Network Equipment:** Customer is responsible for providing a conditioned IT environment with equipment rack, cabinet, wire management, cable trays, rack mounting equipment, and power. Active network gear such as surge protection, workstations, PC speakers/headsets, monitors, KVMs, POE switches, and UPS/ battery back-up are to be provided and installed by others.

In the event tariffs, duties, surcharges, or similar charges ("Tariffs") are imposed by any manufacturers or suppliers after the date and/or execution of this Proposal or SOW, DataVox agrees to promptly notify Customer and make reasonable efforts to mitigate the impact of any Tariffs and avoid any price increases. If no viable alternatives are found, Customer shall be responsible for the Tariff, provided that DataVox has exhausted all reasonable alternatives, including the sourcing of alternative products. If Customer elects to cancel the Proposal or SOW as a result of the Tariff, Customer may be responsible for a termination fee for any non-refundable prepaid services and non-returnable products ordered, in transit, or held in storage for the benefit of Customer.
