Re: Final Plat for Milo Farms Sec 2
Fort Bend County MUD No. 231
Block Length Variance Request Section 5.5.A.2

Dear Mr. Slawinski and Mr. McCoy:

On behalf of Folklore Development, LLC, we Pape-Dawson, have submitted the final plat for Milo Farms Sec 2 to Fort Bend County Engineering for consideration and approval at the next available Commissioners Court meeting.

We kindly request your approval for a variance to the Fort Bend County Regulations of Subdivision Standard. The request is to allow for the street block length to be greater than the standard 1,400 feet, as stipulated under Section 5.4.A.2, for reserve E of the Milo Farms Sec 2 plat. Reserve E is a detention and drainage as well as open space reserve that is about 1,700 feet in length, but it does not impact traffic flow or connectivity.

We respectfully request your consideration and approval of this variance request. Should you have any questions, please feel free to contact our office.

Sincerely,
Pape-Dawson

Tiwa Bayo-Adeyemo
Plat Coordinator
