Equipment such as pedestals, concrete, bollards, motors, gate hardware, and poles are not included in this scope of work. Conduit pipe and junction boxes for garage, stairwells, high ceiling, and/or warehouse mounted devices as required will be provided by others. Hard deck ceilings will require pathway, wire mold, or cutting of sheetrock for cabling of devices. Patch, paint, and repair is not included in this scope of work.

If no viable alternatives are found, Customer shall be responsible for the Tariff, provided that DataVox has exhausted all reasonable alternatives, including the sourcing of alternative products. If Customer elects to cancel the Proposal or SOW as a result of the Tariff, Customer may be responsible for a termination fee for any non-refundable prepaid services and non-returnable products ordered, in transit, or held in storage for the benefit of Customer.
