Re: Contract Amount Increase – Altavista Community Center Project

Dear Mr. McCarthy and Ms. Climmons,

On behalf of IDG Architects + Partners, Inc., we respectfully submit this formal request for a contract amount increase for the Altavista Community Center Project. This adjustment reflects the expanded project scope, additional services requested by the County, and increased professional service costs incurred between January 1, 2025, and August 31, 2025.

The total additional amount requested for professional architectural and related services is **\$440,281.50**.

Justification for the Increase

Since execution of the original contract, the project scope has evolved beyond initial assumptions and baseline budget. The design intent and program requirements have expanded to accommodate additional County objectives, resulting in a broader scope of architectural and coordination services. Key factors include:

1. Expanded Facility Program and Design Development

Additional programmatic elements were introduced during coordination meetings with County representatives and the Commissioner's office to better serve the community. These included refinements to public spaces, accessibility improvements, and enhancements to site circulation and amenities. The resulting design and documentation exceeded the original service allocation.

2. Furniture, Fixtures, and Equipment (FF&E) Coordination

Inclusion of furniture selection, equipment layout, and procurement coordination was requested by

the County. These services, not part of the original agreement, require additional design hours, vendor coordination, and specification development, significantly increasing effort and responsibility.

3. Construction Administration and Support Services

Construction-related services expanded as the project evolved. Additional field coordination, meetings, and consultant integration were required to ensure compliance with County requirements and design revisions during bidding and construction.

4. Market-Driven Consultant Fee Adjustments

Several subconsultant disciplines—including MEP, Structural, and Civil—experienced increased costs due to market conditions and scope modifications. These changes directly impact the professional service budget and necessitate a proportional adjustment to the architectural contract.

Revised Distribution of Contract Amounts

Description	Original Contract	Amount Additional Services
Schematic Design	\$72,750.00	\$66,042.23
Design Development	\$97,000.00	\$88,056.30
Construction Documents	\$194,000.00	\$176,112.60
Bid & Negotiation	\$24,250.00	\$22,014.08
Construction Phase	\$97,000.00	\$88,056.30
Totals	\$485,000.00	\$440,281.51

The revised total accurately represents the additional services necessary to deliver a complete, functional, and high-quality community facility. The increase ensures that IDG Architects + Partners, Inc. can continue providing the level of professional service and coordination expected by Fort Bend County while maintaining compliance with project standards and design excellence.

We respectfully request that this contract modification be placed on the agenda for review and approval by the Fort Bend County Commissioners Court. Approval will allow us to maintain project momentum and ensure the successful completion of the Alta Vista Community Center in full alignment with County objectives and community expectations.

We sincerely appreciate your continued collaboration and the opportunity to serve Fort Bend County.

Should you require any additional information, backup documentation, or further clarification, please do not hesitate to contact us.

Sincerely,

IDG Architects + Partners, Inc.
